GERMANS ARE TRIUMPHANT IN BIG BATTLE

England Agrees to Help Russia in the Conquest of Constantinople as Warm Port of Slav Empire

By Associated Press.

LONDON, Feb. 25.—Another important victory over the Russians was announced today by the German war office. In the capture of the Polish city of Przemyśl. The heaviest fighting in Northern Poland since the expulsion of the Russians from East Prussia has occurred in the vicinity of this city, and its fall is said to have led to the capture of more than 10,000 Russians. Petrograd has not confirmed the report.

The French and German official communications of today indicate that the calm on the western front is unbroken. French attacks in Champagne continue without important results.

A declaration in the House of Commons today by Sir Edward Grey constituted perhaps the most important political development since the opening of the war. The foreign secretary announced that Great Britain was in sympathy with Russia's aspiration for access to the sea. He referred to Russia's hope of obtaining Constantinople as a result of the war with Turkey.

CZAR INVADES AGAIN

By Associated Press.

LONDON, Feb. 25, 5:05 p. m.—Russian troops have reinvaded Bukovina and reoccupied Sadagora, on the railroad four miles north of Czernowitz, according to a dispatch received by the Evening News from Mamornita, in Rumania. The Austrians, the correspondent adds, are pushing up their troops toward Czernowitz to meet this new Russian attack.

TURKS ROUT ENEMY

By Associated Press.

BERLIN, via wireless to London, Feb. 25.—Reports received here from Constantinople set forth that a Russian attack in the territory east of Artvin, which is in the Caucasus, thirty-five miles southeast of Batum, has been beaten off by the Turks, with heavy losses to the enemy. The Russians have been driven also from the region of Elmal, in Asia Minor, where a quantity of war material was captured by the Turks.

BIG BATTLE IS WAGING

By Associated Press.

GENEVA, via Paris, Feb. 25, 8 a. m.—Continued successes for the Russians in the battles which continue to rage furiously in the Carpathians are described in dispatches to Swiss newspapers. The Austro-German forces are said to have lost 8000 men at Dukla pass, while melting snow at Uzsok pass revealed the bodies of 2000 Austrians and Russians.

The Austrians are reported to have launched a number of futile attacks at Dubova, in which they lost heavily.

The Russians captured at Gornik a transport wagon with the regimental safe, containing \$20,000. The Russians claim to have captured an advance post with 600 men at Plaza, and are showing great activity at Zakliczyn.

The dispatches say that additional Russian columns have burst into Mar-maros county, in Hungary, bordering on Galicia, Bukovina and Transylvania, capturing convoys.

REPORT AUSTRIAN SUCCESS

By Associated Press.

VENICE, Feb. 25, via London.—Dispatches from the headquarters of the Austrian forces in the Carpathians state that furious fighting has been renewed in the Carpathians. The Russians made particular violent attacks on the Austrians in the neighborhood of Uzsok pass with a considerable measure of success.

To the east of Uzsok pass the Russians are conducting a more vigorous defense from an elaborate network of concrete and earthworks trenches.

The Vienna dispatches say the struggle appears to be turning in favor of the Austrians.

MEDITERRANEAN SEA WAR

GENEVA, via Paris, Feb. 25, 12:20 a. m.—Three new German submarines arrived by railroad yesterday at Pola (the chief naval station of Austria-Hungary), according to a telegram to the press, and will soon begin operations, not only in the Adriatic, but in the Mediterranean. A dispatch from Munich says Germany is arranging to send several submarines to Austria.

KILLS WIFE AND SELF IN SPITE

Losing Child in Lawsuit, Father Exacts Grewsome Revenge

He Slays Woman in Ambush, Then Ends Own Life

SAN FRANCISCO, Feb. 25.—After nursing for three weeks a grudge against his divorced wife, Eda Barsotti, because she had won a victory from him in the courts and had obtained the custody of their 13-month-old daughter, Evelyn, Fred Cozzoli, a fruit picker, lay in wait for the woman this morning and killed her as she was on her way to work. He then committed suicide.

The tragedy was staged at Sansome street and Broadway, where Cozzoli knew his former wife would have to pass on her way to the Standard Biscuit Company, where she was employed. Shortly before 7 o'clock the young woman walked rapidly down Broadway and had just turned the corner when Cozzoli, with his revolver in his hand, approached her. Nearly a dozen men were within a quarter of a block, but they were powerless to prevent the murder and suicide.

SHOTS FOUR TIMES. Four shots Cozzoli sent in quick succession in the direction of Mrs. Barsotti. The first took effect, one in the head and the other in the breast, and she fell mortally wounded. Just as several bystanders approached prepared to disarm him, Cozzoli turned the gun upon himself and fired a bullet through his temple. He died instantly.

When Patrolman Sullivan and Corporal Duffy, hearing the shots, came up they found Mrs. Barsotti still breathing and hurried her to the harbor hospital. She was dead when placed on the operating table.

Cozzoli was 25 and Mrs. Barsotti 23.

FIGHT FOR CHILD.

For months they had fought in Superior Judge Murray's court for the custody of their little daughter. Only three weeks ago the wife, who is the daughter of Marco Barsotti of 123 Green street, came out victorious. She had been fighting for her child, and with a cheerful smile took up her work in the biscuit company, where she labored from 7 until 4 every day. She knew nothing of Cozzoli's increasing anger and desire for revenge and walked on her way to work without the slightest hint of danger.

Cozzoli resided at 445 Broadway.

Rockefeller Dodges Tax of \$1,150,700

By Associated Press.

NEW YORK, Feb. 25.—John D. Rockefeller testified today by deposition at his home at Pocantico Hills in an effort to avoid paying personal property tax of \$1,150,700 levied upon him by the Cleveland, O., tax authorities. Rockefeller testified that he was not a resident of the state of Ohio; had not been for the last fifteen years, and that consequently he could not be taxed in that state.

The examination occupied but a few minutes. Rockefeller testified that he moved to New York from Cleveland in 1905 and established his company here. He said that on June 21, 1912, he went to his summer home at Forest Hill, East Cleveland. He intended, he said, to return to New York, so were his usual custom, the following October.

Rockefeller said he ordered transportation for himself and his family at that time, but that by reason of the illness of Mrs. Rockefeller and her sister, Mrs. Spelman, he had to countermand the order. He was forced to remain in Cleveland until the first Monday in February.

SPRINGFIELD, Mo., Feb. 25.—John Brinkley, 24, assistant cashier of the Farmers' State Bank of Haxton, a village 27 miles east of here, was shot and killed today by a robber. The robber was captured near the town after a battle with a posse of citizens. He gave the name of Jay Thompson.

LEO FRANK'S LIFE STAKED ON ORATORY

S. F. ELOPERS CAUGHT IN SOUTH

SAN FRANCISCO, Feb. 25.—Following an elopement, in which they were traced to the steamer Harvard, and quickly wired instructions to the Los Angeles police department, Edward J. Ryan, a journey bus driver, who fled from San Francisco, leaves a wife and child behind, and Miss Ethel Hotchkiss, 17 years of age, who fled with him, were apprehended today in Los Angeles, according to the news received by the police department.

The couple disappeared yesterday. The girl's parents, who live at 3663 Sacramento street, declare that the man posed at their home as an unmarried man living with his sister, and when their daughter first was missed imagined that they had been married. Search of the marriage license books, to find that no license had been issued, aroused suspicion, and a police investigation followed.

It was found that the man's supposed sister was really his wife. His home was at 1023 Broadway. The couple were then traced to the steamer, and Chief Sebastian wired in Los Angeles. Detective Callahan of the white slave bureau will leave tonight for the south to bring back the elopers.

Robs Churches While Congregations Pray

BERKELEY, Feb. 25.—While the two congregations were engaged in prayer meeting worship last evening a burglar looted the ante-rooms of the North Berkeley Congregational church and the Episcopal chapel of All Souls in North Berkeley. The two churches are a short distance apart. From the Congregational church the intruder stole a watch and other articles from the desk of the pastor, Rev. S. C. Patterson. At All Souls he stole a walrus seal bag worth \$25 and containing \$5 in coin, which belonged to Rev. W. R. H. Hodgkin. Entrance was effected in each case by means of a skeleton key and the burglar worked so quietly that neither group of worshippers heard any sound.

Enemy of Tetanus Found by Institute

By Associated Press.

NEW YORK, Feb. 25.—The announcement was made today on behalf of the Rockefeller Institute of the invention of an apparatus and the discovery of a new method of treatment, both designed to reduce the mortality from tetanus among soldiers wounded on European battlefields. Patents on the invention have been obtained.

Caswell Will Contest Thrown Out of Court

Superior Judge Wells this afternoon granted a motion for non-suit in the matter over probate of the will of the late William A. Caswell, coffee and spice merchant. Edwin Caswell, a son, contested the probate, alleging that his father was of unsound mind and that he had been unduly influenced by his second wife, Jennie Caswell, to leave her practically the entire portion of the estate, which is valued at more than \$25,000. After the argument of counsel, the jury was dismissed and the court took up the matter of probate.

MINISTER IS EJECTED BY TRUSTEE

Director Refuses to Permit Religious Service in School House

Pastor Retorts He's Right and Threatens to Combat

HAYWARD, Feb. 25.—Ousted from the Castro Valley school, where he had attempted to organize a Sunday school, on the ground that the state school rules forbid religious services in public school buildings, Rev. D. W. Anderson, general missionary of the Pacific Coast American Sunday School Union, and the Castro Valley school trustees are engaged in what may terminate in a spirited feud in which Hayward church authorities and the school board will be pitted against each other.

Anderson still contends that he should not have been ousted, while William Van Hoosear, the school trustee who ousted the minister from the place, contends that the law is on his side and that if he finds a similar meeting being held in the school he will take the same action.

HOW IT BEGAN.

The trouble arose when Rev. Anderson, after he claims, having obtained permission to hold services in the school from one of the trustees, proceeded to conduct a special religious meeting. Van Hoosear, entering the meeting, was told by the minister that a director had extended permission for the services, but Van Hoosear pointed to the state law, declaring that the permit was illegal and that the meeting could not be held. The minister left without resistance, protesting vehemently, however, that he was within his rights and insisting that he would take up the matter with the county authorities.

Van Hoosear points to the school rules, which prohibit political or religious meetings in schools. He declares that after ordering the minister from the school he locked the door.

Rev. B. D. Naylor of the Hayward Congregational church, vouches for the minister, declaring that he gave a talk recently before the Sunday school of the Hayward church. He declares that the plan of the minister is legitimate.

County Superintendent of Schools G. W. Frick will probably be appealed to as a final court of appeal in the dispute.

WOMEN RUIN GOWNS TO HELP BOY

Fashionable bridge parties were stampeded and society women picked up the unconscious form of a small automobile victim when little Joseph Moore, son of Mr. and Mrs. Walton Moore of Piedmont, nearly met death under the wheels of a heavy touring car. The boy, removed to the Merritt hospital and later to his home, was declared today to be out of danger. He incurred a badly cut and crushed foot, which, for a short time, it was feared he would lose.

Society women at the Granville Abbott home, on Highland avenue, where a bridge party was in progress, at the Bonestell home, where another social affair was held, and from several other mansions, rushed out into the street in the rain, running shimmering silks and expensive satins while the child was hurried to medical aid.

Highland avenue was crowded with self-appointed nurses in chignons and laces, several thousand dollars' worth of gowns being sacrificed in the rain to save the lad, who was rushed to the Moore home, where Dr. W. S. Porter was summoned. Later the patient was hurried to the hospital.

The child, it is declared, was hanging onto the back of an automobile. The driver left his card with the rescue party of society women, but in the excitement it was misplaced. The patient may not walk for several weeks.

Wholesale Price of Bread Is Reduced

By Associated Press.

NEW YORK, Feb. 25.—The wholesale price of bread, which was recently raised to 5 cents a loaf, is to be restored to 4 cents, according to reports published today. The fact that there was much agitation when the cost of bread was raised, followed by investigations into the bread industry, is one reason given in the report for the plan to restore the old prices. Another reason is that most of the smaller baking companies, instead of following the lead of the big concerns, continued to sell bread at 5 cents to their retail trade.

DEATH NEAR IN SPEED TRIALS

Bergdoli Hurlled to the Earth When Car Collides

Second Accident Occurs Along Famed Avenue of Palms

SAN FRANCISCO, Feb. 25.—Crashing through a barbed wire fence and flying over the edge of the track at the southeast turn of the Stadium this morning, G. C. Bergdoli, Grand Prix racer, trying out his speed on the exposition track, was knocked unconscious, his machine badly battered in an impact with a post and the steering wheel snapped. "He was rushing to the Emergency hospital and later removed to his home. His injuries are painful but not serious. A second accident occurred in the tryouts this morning when Jack Gable's car left the track at the end of the Avenue of Palms and struck a pile of hay. His car was thrown back thirty feet by the hay bunker and he narrowly escaped injury.

FAILS TO SEE WIRE. The first accident occurred when Bergdoli had attained a high speed, while approaching the Stadium turn. He had completed the half circle of banked space and did not see the wire fence stretched before it. The front end of his car collided with a post on which the wire was strung, the radiator being caved in and the steering wheel snapped off and hurled some distance away.

Plucking up the conscious form of the racing driver, who was found to be badly cut about the face and neck. He received almost the full force of the blow on the chin.

Gable was traveling at about forty miles an hour when the mishap occurred. His machine was thrown diagonally across the track on the recoil from the haystack and he was badly shaken up but otherwise uninjured.

WIFE, DISCARDED, ATTEMPTS SUICIDE

Refused Reconciliation by Her Brother-in-Law-Husband, She Takes Poison.

Following a dramatic plea to her husband to give her another chance, and his refusal, when according him on the street, she attempted to take her own life with her own hands, making numerous promises of reform, Mrs. Emily Parker, divorced wife of Earl Parker, manager of a local cafe, last night in despair swallowed bicarbonate of soda in an attempt to take her life. Rushed from the home of her parents at 284 Franklin avenue, where the suicide attempt was made, to the emergency hospital, her life was saved.

The attempted suicide capped the climax of a long history of marital woe, according to the family. Parker obtained an interlocutory decree of divorce from his wife last summer. His brother, Ray Parker, was married to the sister of the woman he divorced.

VISITS BROTHER.

Last night Parker paid a visit to his brother's home and it was on his return, according to his mother, that the woman who accused him on the street, imploring him to give her another chance and declaring that never again would he have cause to complain, the woman followed Parker and his mother some distance, weeping and begging for reconciliation. On Parker's refusal to consider a reconciliation, she hurried to the home of her parents, where, dissolving some mercury tablets in water, she swallowed the solution.

The family, alarmed, notified the Melbourne police station and the woman was hurried to the emergency hospital in an ambulance. Dr. Frank administered temporary relief. She was kept at the hospital last night, although it was announced that she was out of danger.

"TIME IS CRITICAL TO U. S." CALHOUN WARNS

CHICAGO, Feb. 25.—A united support of President Wilson's administration was urged yesterday by William J. Calhoun, former American ambassador to China, addressing the Association of Commerce.

"Let the voice of partisan clamor be hushed," he said. "The time is so critical and questions are so complicated that the responsibilities of the chief executive forces of our nation are exceptionally heavy and difficult to perform. Now do not let us descend to the low level of partisan criticism at this hour and try to make party politics of the difficulties that surround the national government."

Mr. Calhoun said he would rather see the United States cut off temporarily in its foreign trade than to have questions arising from exporting involve this country in the present war. He also recommended that men and women out of employment who are in need of the necessities of life be provided for by the government.

REPRISAL WOULD HIT TRADE WITH AMERICA

LONDON, Feb. 25.—A dispatch to the Exchange Telegraph Company from Copenhagen says: "A Norwegian official, interviewed as to the effect of the threatened prohibition of the export of goods to Germany as a reprisal for the sinking of Norwegian steamers by German submarines, said such a step would seriously affect American trade with Germany through Norway, which had developed more than had been anticipated. There are enormous quantities of American goods in Norway awaiting shipment to Germany, according to this official."

NEW TIME CARD IS ORDERED FOR RAILWAY

SAN FRANCISCO, Feb. 25.—The railroad commission this morning issued an order providing for the arranging of a new time card and speed schedule on the Yosemite railroad. Last July an order was made reducing the speed between Merced and El Portal to 10 miles an hour. This was the result of a disastrous accident. June 28, 1914, a number of persons were killed and injured, due to the weakened condition of the railroad ties. The company has promised to put in 22,000 new ties this year.

War Summary

The second week of Germany's submarine campaign opened today with the loss of two other British ships. The Deftford and the Western Coast, both small steamers, were sunk off the English coast by mines or torpedoes. Previously ten vessels, seven of them British, had been sent to the bottom.

Germany apparently is preparing to extend the field of the operations, for three submarines have been sent to Pola, presumably for use in the Adriatic and Mediterranean.

The American proposals for cessation of this form of warfare and the admission of foodstuffs to Germany are before the German and British governments, but there are no indications whether they will find acceptance.

Germany's claim to an overwhelming victory in East Prussia, resulting in the virtual annihilation of the Russian tenth army, is denied categorically by the Russian general staff. The admission is made that two army corps suffered heavily during the retreat, but the tenth army is said to have escaped from the German surrounding movement.

Efforts of the Germans to clinch their victory by striking a decisive blow in northern Poland are leading to continued battle all along the section of the front, the outcome of which the Russian staff does not attempt to forecast.

Hardly less intense is the campaign in the Carpathians. The Petrograd announcement claims successes for the Russians in small engagements.

Dispatches from the front to Swiss newspapers assert that the Russians are winning consistently and that the Austrians have lost more than 3000 men at Dukla pass.

English Merchantmen Go to the Bottom in North Waters.

(Continued From Page 1)

North Sea early yesterday, off Scarborough.

The engineer of the Deftford says he was on duty in the stokehold at the time the explosive in the torpedo head or in the mine rent the Deftford in twain. He says he saw a blue flame shoot up from the bottom of the ship and through her deck. The force of the explosion threw him violently and stunned him. He managed to reach the deck, however, as the vessel was heeling and just as the lifeboat was launched.

It was the carpenter of the Deftford who lost his life. After hours in an open and leaking boat in a snowstorm, which caused them to suffer acutely, the men say they signaled a steamer, but no notice was taken of their appeal. Later, however, they encountered the steamer or Elysian, which picked them up and brought them into South Shields. Some members of the crew say they saw the wake of a submarine after the Deftford was struck.

The Deftford was owned by W. Cory & Son of London.

CONFER ON AMERICAN NOTE

BERLIN, Feb. 25.—Nothing has been made known up to the present time of the conference of German statesmen last night to discuss the American identical notes on marine warfare and the feeding of civilian populations sent by the United States Government to both Great Britain and Germany. This meeting was held in the residence of Dr. von Bethmann-Hollweg, the imperial chancellor. Among the statesmen present was Gottlieb von Jagow, the foreign minister.

Further details have been given in a Berlin of the reported sinking of a British transport by a German submarine.

The crew of the American steamer Evelyn, which went down in the North Sea as a result of striking a mine, apparently all have reached Bremerhaven, the second boat having been picked up by a German steamer.

Neither the American embassy nor to German admiralty has as yet received a detailed report concerning the loss of the American steamer Carib, which struck a mine February 22 off Heligoland.

The American consul at Bremerhaven is taking the deposition of the master of the ship whose statement will determine the responsibility for the Evelyn being off the course described as safe by the admiralty.

The German announcement that a British troop transport has been sunk by a submarine has not been borne out from London, where it has been said that this report doubtless referred to the torpedoing of the British ship Frankcombe. A Chinese government collier, which was attacked February 23 in the English channel south of Hebride Head.

General Pau Warmly Received in Rumania

LONDON, Feb. 25, 1:05 p. m.—Two news agency dispatches received in London today from Southeastern Europe describe the warmth of the reception lately given General Paul and the French army in Rumania and Serbia. General Pau recently has been in Russia, and it is evident that he is being employed by the French government on special missions. A dispatch from Bucharest, Rumania, says he was given a hearty welcome on his arrival and that he made himself popular in the capital.

Find Wreckage With British Uniforms

BERLIN, Feb. 24, by wireless to London, 12 noon.—According to dispatches reaching Berlin from ports on the North Sea, the Norwegian steamer Orkla, when coming through the English channel recently, sighted a quantity of floating wreckage, in which were to be seen British military uniforms. It was supposed that this military clothing was from some British transport which had been sent to the bottom.

'FESTORIUM'—IT'S OAKLAND'S OWN

Queen's English Again Suffers Body Blow at Official Hands.

"Festorium" noun: a festival held in an auditorium.

The search being made by the city commissioners for a name with which to christen the big celebration to mark the opening of the Municipal Auditorium has brought its reward. It has caused the addition of a new word to the English language. The word is "Festorium," and is contributed anonymously. Commissioner Anderson had originally spoken of the dedication ball as a carnival or a mardi gras. For this he was reproved by Mayor Frank E. McHugh, who pointed out that these words were really suited to the pre-Lenten festival.

Several letters have been written to Commissioner Anderson concerning the big celebration. Among them was a letter suggesting "Festorium" as the proper word.

"Festorium" is portmanteau, or telescope word. It carries two words in one, and is collapsible. Lewis Carroll, author of "Alice Through the Looking Glass," "Alice in Wonderland" and several treatises on higher mathematics, invented the portmanteau or telescope to "Jabberwocky," a poem which is more and more coming to be ranked as one of the finest examples of English verse, only comparable with George Sterling's "Wine of Wizardry."

FLOOD WITH INQUIRIES.

It is anticipated that the prospect of the big "Festorium" will not only be productive of the addition of new words to puzzle the Noah Webster of the future, but that poems will be written by the Oakland bards to celebrate the occasion. The festival is to be an "all-folks" day. There will be a May Day fete in the morning, and at night will come the great mask ball, with frolic and revelry, fancy dancing, ragging quadrilles and a great municipal Virginia reel.

Among the letters concerning the celebration received by Anderson were the following:

"Why not call it for a fancy name?"

"Why not call it by its own name?"

"It's a ball."

"Isn't it a municipal Auditorium inaugural ball, or any combination using the words inauguration or inaugural good enough?"

"Then we will know where we are at."

"The whole matter is a simple dedication of a municipal building."

"Yours,"

"A CITIZEN."

MORE SUGGESTIONS.

"Mr. Turner, Commissioner of Public Health and Safety—Dear Sir: I think 'Opening Festivities' would be a good name for this great event. Hoping this will help you, Yours truly,"

"MISS ALETA McKENNA,"

1284 Seventy-third avenue.

"My Dear Anderson: Why not 'The Ball de Luxe'?"

"A. K. W."

"Harry Anderson, Esq.—Dear Sir: I believe a good name for the opening fete at the Auditorium would be 'La Fiesta.' Respectfully yours,"

"S. L. PEREIRA."

Miss Hobbs Resigns as Bill Becomes Law

SALEM, Ore., Feb. 25.—Complying with a promise made to the Oregon senate when the two houses were deadlocked over the Schuebel bill amending the workmen's compensation act, Miss Hobbs, member of the industrial accident commission, offered her resignation today to Governor James Whitcomb, with the condition that it should become effective May 21, when the Schuebel bill becomes active. Governor Whitcomb said he did not see what action he would take in her communication to the senate. Miss Hobbs said she would resign when the Schuebel bill became a law if that body would pass the measure in the form the house had passed it. The senate sought to reduce the commission from three members to one. House members declared that three members were necessary and Miss Hobbs, acting on the ground that the senate merely aimed to get rid of its democratic members offered to resign in order to save the commission.

"Lumber King's" Son Is Sued for Fortune

LOS ANGELES, Feb. 25.—Charles A. Weyerhaeuser, son and one of the heirs of the late Frederick Weyerhaeuser, whose wealth at one time was said to exceed that of John D. Rockefeller, must defend a personal injury suit brought by Miss Ada Diamond, a high school girl living at 4000 Mission road.

The sum of \$27,575 is asked for injuries received by Miss Diamond January 13 last, when the automobile of the "lumber king's" son ran into a vehicle in which she was riding. She was thrown to the pavement and has been under the care of physicians ever since, the result of the complaint. The suit was filed by Attorney Louis Lieberman.

COUNTERS, SHOW CASES AND FIXTURES FOR SALE

COUNCIL CANNOT ALTER ORDINANCE

Charter Provision Constitutes Explanation for Not Considering Measure.

The city council today adopted reasons for refusing to pass the proposed liquor ordinance prepared by the Municipal Emergency League. The present city liquor ordinance, it is explained in the reasons adopted, is an ordinance initiated by the people, and passed at a special election. It cannot be repealed or amended by the council, but only by initiative by the electorate.

The commissioners refrained from taking sides on the matter in formulating their answer, merely contending themselves with explaining that under the charter they are not empowered to pass the proposed ordinance, but must submit it to a vote of the people.

The reasons adopted are as follows:

"The ordinance submitted is an ordinance to amend Ordinance No. 64, N. S., which was an ordinance adopted by the people of the city of Oakland on February 17, 1914, at a special election.

"Under Section 112 of the charter of the city of Oakland no ordinance shall be amended or repealed, except by vote of the electorate, unless such ordinance shall provide otherwise. Ordinance No. 64, N. S., referred to, contains no provisions under which this council may amend the same, and the council does not pass upon the ordinance submitted for the reason that it has no jurisdiction to consider the same."

COLOSSAL DEFEAT DENIED BY RUSSIA

Complete Annihilation of Tenth Army Corps Exaggerated, Is Answer.

PETROGRAD, Feb. 25.—The general staff of the Russian army has issued a statement concerning the recent occurrences in Russian Poland and the German claims to a sweeping victory, which reads as follows:

"Official announcements given out in Berlin to the effect that the Tenth Russian army suffered severe reverse in its retreat to the rivers Niemen and Bobr are absolutely not correct. The German declaration that the Tenth army has been completely annihilated can be categorically denied.

"As a matter of fact the component parts of two of our corps, the Twentieth and another, finding themselves in an untenable and dangerous situation, as we already have announced, withdrew from the positions at Virballen, Russian Poland, with heavy losses.

"As to our other corps, these troops, after having foiled an attempt of the enemy to surround them, are holding today the positions allotted to them and for several days past they have been engaging the enemy.

"Along the entire front our armies are fulfilling successfully the duties assigned them. During the past few days two regiments of the Twentieth division, belonging to the Twentieth corps, advanced from the Augustow forest and rallied our men."

MAINTAIN STAND ON FOOD SUBJECT

"Can Be No Bargaining," Says Editorial, Referring to American Notes.

LONDON, Feb. 25, 1:20 p. m.—"We are obliged to say at once that there can be no bargaining on this subject," says the Westminster Gazette in referring to the American notes to Great Britain and Germany concerning the situation, which has grown out of Germany's naval war zone decree. The editorial continues:

"The pressure of our sea power is a perfectly legitimate operation of war. Germany had full warning from her own economists what must happen if she risked a prolonged war with a superior sea power. By maximum grain supplies public property and still more by putting her population on rations, she entitles us to treat these supplies as contraband of war.

"On her own principle of limited consumption, the supplies of the civil population could not be increased in the manner suggested. The results would be simply to leave the government large supplies for military purposes.

"Who can suppose that if the positions were reversed and Germany were the superior sea power, she would listen to such a proposition if made by us? It may be a German necessity to win the war by starving her population, but it can not be incumbent upon us to facilitate her schemes of conquest by saving her civilian population from liabilities which she deliberately incurred on her behalf."

MONTICELLO PURCHASE FAVORED BY WILSON

WASHINGTON, Feb. 25.—President Wilson sent a letter today to Senator Kern and Representative Underwood favoring passage of the resolution pending in Congress for the purchase of Monticello, the home of Thomas Jefferson.

"I most earnestly hope," said the President, "there will be some interval in the business of Congress which can be used for the passage of this most interesting piece of legislation, which I think will meet the approval of the whole nation."

MINES FOR NORTH SEA

LONDON, Feb. 25.—A large flotilla of German trawlers loaded with mines passed Skew last night, moving westward, says a Copenhagen dispatch to the Daily Mail.

MONTENEGRO TOWNS SHELL BY AUSTRIA

BERLIN, by wireless to Sarville, Feb. 25.—Included in the news items given out today by the Overseas News Agency are the following:

"Certain Austro-Hungarian warships yesterday left the Cattaro channel and steamed along the Montenegrin coast, shelling Montenegrin positions for a period of half an hour."

"The Berlin Lokal Anzeiger publishes a dispatch from Athens saying the most recent bombardment of the Dardanelles by the allied fleets was caused by Russia's demand that the straits be opened in order to enable Russia to obtain raw material for the future manufacture of arms and ammunition."

IDAHO SENATE PASSES STATE-WIDE PROHIBITION

BOISE, Idaho, Feb. 25.—The Senate of the Idaho legislature today passed the state-wide prohibition bill which makes the manufacture, sale and transportation for sale of intoxicating liquor unlawful after January 1, 1916. The vote in the Senate was 24 to 6 in favor of the bill. Governor Alexander has announced that he will sign the measure.

I Owe My Life To Peruna
I will Praise it as long as I live.
I will not be without it in the Home. It Saves Many Doctor Bills.

Mrs. Selma Tanner, Athens, Ohio, writes: "I was nearly starved when I began to take Peruna. My stomach was so bad with catarrh that I could scarcely eat enough to keep me alive. In two weeks after I began to take the medicine my stomach felt right. I have been well ever since. That was fifteen years ago. I only wish every one knew how useful Peruna is in the home. Whenever I am taking it I feel a few doses will always break it up. Peruna is a good tonic to strengthen anyone. Peruna is excellent for old people, also young or weak children."

GERMANS PROMISE TO RESPECT CARGO

Wilhelmina Freight to Go to Civilians, Says Von Jagow.

LONDON, Feb. 25.—W. L. Brookings, manager of the firm of W. L. Brookings & Co., of St. Louis, owners of the cargo on board the American steamer Wilhelmina, reached London yesterday with a declaration from the German foreign office signed by Count von Jagow, the foreign minister, and attested by James W. Gerard, the American ambassador to Germany, which pledged the German government not to assume control of the cargo of the Wilhelmina, nor of any other vessels arriving from America. This declaration says such cargoes may be sold on the open market and will not be used by the army or navy.

The case of the Wilhelmina is soon to come before a British prize court. She was loaded with a cargo of food products from New York and other American ports. She was captured in the British marine authorities and the disposal of her cargo is being watched with much interest.

The text of the German declaration follows: "By motion of William L. Brookings, manager of the Green Commission Company of St. Louis, the Imperial government makes the following declaration: 'The cargo of the steamer Wilhelmina, as well as the cargoes of vessels arriving in the future from America with food for Germany, shall be subject neither to seizure nor to selling right, nor to any other government measure taken in connection with maximum prices, according to the measures already issued for home-grown wheat. The cargo of the Wilhelmina as well as all future similar cargoes shall remain the property of the American owner and it can be sold by him at any place at the price asked.'"

WAR RISK BUREAU HAS PROFIT ABOVE LIABILITY

WASHINGTON, Feb. 25.—Secretary McAdoo issued a statement last night showing that premiums already earned by the federal war risk bureau were considerably in excess of the bureau's liability incurred by the loss of the steamers Arcturion and Evelyn. These ships were insured for \$659,103, while premiums actually earned by the bureau on policies now expired amount to \$737,941. Premiums received by Mr. McAdoo said, totaled \$1,562,392 on insurance amounting to \$36,645,084. Mr. McAdoo pointed out the possibility of salvaging the cotton cargoes of the sunken steamers.

Recent testimony by Assistant Secretary Peters before a House committee was made public yesterday. He said that as soon as the bureau began operations insurance rates of companies were lowered from 8 to 10 per cent down to 2 per cent.

DACIA NEARING PORT. NOT TAKEN BY BRITISH

NEW YORK, Feb. 25.—The steamship Dacia, which sailed from Norfolk, February 11, for Rotterdam, with cotton in the face of assertions she would be seized by British men-of-war, instead, as she had been a German vessel at the outbreak of the war, had almost completed her trip across the Atlantic without interference on February 23, according to messages received here today. These messages said the Dacia was 460 miles from Land's End, England, on that date.

BRITISH WAIT AMERICAN NOTES

Blockade of German Ports Are Delayed for Discussion.

LONDON, Feb. 25, 12:43 p. m.—The proposals of Washington to Great Britain and Germany, which are in London assumed to embrace the abandonment of Germany's self-declared war zone and the adoption by the belligerents of some definite policy regarding foodstuffs for the civilian populations, have noticeably quickened the public interest, both in this country and in Germany, in this delicate diplomatic situation.

The British press in general is restrained in tone, but the average Englishman plainly resents what he considers a hint at an attempt to interfere with the blockade of Germany should England care to enforce this with her sea power. In the meantime, and in spite of sinking of four British merchantmen, involving the loss of four lives, Great Britain still holds off from declaring food destined to Germany to be contraband. It is believed if this step is taken that it will be postponed until the American proposals have been discussed at length.

Just what this proposal is the public both here and in Berlin is unaware. Its only information has been gleaned from the mangled and qualified dispatches from Washington. There would seem to be no doubt, however, that Great Britain will reserve the right to declare food contraband at any time she deems it necessary, especially as Germany has made a stand on their own soil, the fighting in the eastern arena of the war is resolving itself into a mass of contradictory statements and counter claims. The German claims of a victory in Russian Poland are circumstantial and will be of lasting value or not.

The Russian denials while emphatic are sweeping and general. It would appear from dispatches reaching London that at the present moment neither the Russians nor the Germans are making headway anywhere on the line from the Baltic to the Carpathians. British observers are calling attention to the fact that there apparently has been no decisive battle at the northern extremity of the line to prove whether the recent advance will be of lasting value or not.

OFFICIAL WAR STATEMENTS

By Associated Press.
BERLIN, via London, Feb. 25, 2 p. m.—The town of Przasnysz, Poland, was yesterday taken by storm by German forces, according to the official announcement given out in Berlin today. The Germans captured 10,000 Russian prisoners. The report is dated February 23, and reads as follows:

"In the western arena of the war: 'In Champagne the enemy yesterday continued his desperate efforts, which, in spite of the strong forces engaged, were again absolutely without success. Otherwise there has been nothing of importance on the western front.'"

"In the eastern arena: 'The engagements on the Memel, Bobr and Narew rivers continue. The town of Przasnysz in Russian Poland, which has been extensively fortified, was stormed yesterday by the East Prussian reserves. After a stubborn fight we were victorious, capturing more than 10,000 prisoners, over fifty cannons, a large number of machine guns and a very large amount of war material.'"

"In other engagements fought north of the Vistula in the last few days we have taken 5000 Russian prisoners."

"In Poland, south of the Vistula, the Russian advanced to Mogily, which is southeast of Bolimow, and occupied this position. Their forces in this movement outnumbered ours five to one. Otherwise there is nothing of importance to report in this region."

"It is characteristic that the commander of the Fifty-seventh Russian reserve division, taken prisoner at Augustowo, asked German officers whether it was true that a camp was being organized for the Germans and soon would fall. When the situation on the western front was explained to this Russian officer he refused to believe that the German western army was on French soil."

By Associated Press.
PETROGRAD, Feb. 25.—The escape from a ring of German troops of two remnants of the Twenty-ninth Russian division, who were surrounded during the retreat from East Prussia, is recorded in an official communication given out by the general staff last night.

It is stated that the Germans are making attacks all along the front from the Bobr district at Jedwabno as far as the Vistula in the region of Bodzawow. Minor successes for the Russians in the Carpathians are claimed as the result of desperate fighting. The communication follows:

"North of Grodno there were few actions Tuesday near Jasziobno and Stabino."

"In the Augustowo forest two remnants of the Twenty-ninth Russian division, who had been surrounded during the retreat broke through the enemy's line and rejoined our forces. Patrols of the enemy are attempting to cross to the right bank of the Niemien."

"The battle is extending on the right bank of the Niemien, where attacks by the Germans are continuous along the front from the Bobr district at Jedwabno as far as the region of Bodzawow on the Vistula. Fighting is becoming very intense in the Przasnysz region. On the left bank of the Vistula we repelled attacks of the enemy at the village of Boguslav, and at points to the west of Opoczno and Lopuszno."

"There has been desperate fighting east of Lopuszno Pass in the Carpathians. Our troops have had several successes in the region of Munkato."

"On February 23, near Zavadka, we captured three lines of trenches on a height which is almost a sheer precipice. The Germans defending the heights were killed or taken prisoners."

"German attacks were repulsed south of Myto Kozlowka. We carried a height south of Dukla Pass after stubborn fighting."

"We checked the offensive of important forces of the enemy in the Dolina and Salski lands on the right bank of the Rozanka."

By Associated Press.
PARIS, via London, Feb. 25, 3:45 p. m.—At this office this afternoon the following statement was given out:

"Near Lombardey our artillery demolished a battery house and some of the enemy's lookouts."

"In Champagne we have maintained the new position which we won yesterday. All of the enemy's counter attacks were repulsed. Our aviators threw sixty bombs on railway stations, trains and concentrations of the enemy. This bombardment was very effective."

"In the Argonne, at Martheuville, the enemy made an attack which immediately was checked."

"Between the Argonne and the Meuse, in the Cheppy wood, we made further progress."

"Our heavy artillery destroyed armored shelters. The enemy is unable to re-take trenches captured by us."

"In Lorraine, near Parnoy, there was a skirmish between patrols, the Germans being put to flight."

RUSSIAN CONSPIRATORS GIVEN PUBLIC TRIAL

By Associated Press.
PETROGRAD, via London, Feb. 25.—Trial of five Socialist deputies charged with treasonable conspiracy began here yesterday with the doors of the courtroom open to the public.

The Dumas, with other Socialists, met on November 17 in a house on the Viborg road, eight miles from Petrograd, as delegates from a Socialist organization to oppose the war.

Because they feared a Russian victory would strengthen the government and the Dumas, they decided to take action. The meeting and the discussion which took place there resulted in the arrest of the men who were arraigned yesterday.

GUILTY OF HELPING ALIENS.

By Associated Press.
TORONTO, Ont., Feb. 25.—Emil Nerlich, a Toronto merchant, yesterday was found guilty by a jury of the charge of conspiring to assist alien enemies to leave Canada. The case will be carried to the court of appeals, and, pending decision of the higher court, sentence was suspended and the accused liberated on bond.

Nerlich's wife, similarly accused, was acquitted by order of the court, who ruled there was not enough evidence against her to warrant giving her case to the jury.

RUSSIA SENDS MEMO OF CHARGES TO RED CROSS

By Associated Press.
WASHINGTON, Feb. 25.—The Russian Ambassador, George Bakmeteff, sent the State Department yesterday a memorandum from his government charging Germany and Austria with violations of the Geneva Red Cross convention and of part of the Hague convention, with mutilation and killing of wounded Russians, with putting to death Russian prisoners, with attacks on the Russian civil population by German and Austrian armies, attacks against Russian troops by the civil population of German and Austrian territory; the use by Austrians of dum dum bullets, and with the destruction and pillaging of churches.

The document was presented to the State Department. It was said, not as a protest but as a matter of information. It was announced that similar communications were made to all other neutral countries. The Embassy also sent a copy to the American National Red Cross with a letter of protest from Prince Alexander of Oldenburg, head of the Russian Red Cross.

COLLIER LOST; CREW SAVED.

By Associated Press.
LONDON, Feb. 25.—The captain of the Cardiff steamer Branksome, China, a government collier, reported to the owners of the steamer today that she had been torpedoed and sunk, but that all hands were saved.

Eighteen members of the crew of Branksome China landed in New Haven, England, Tuesday evening, and reported that their vessel had been damaged by a mine or torpedo in the English channel south of the lower end of the Prussian diet that from 50,000 to 60,000 acres of moor land are ready for reclamation work by prisoners of war. From 15,000 to 20,000 prisoners will be employed.

PURCHASES ELECTRIC PLANT.

By Associated Press.
BERLIN, Feb. 24, via London, Feb. 25.—The municipality has decided to acquire the Berlin electrical works, which at present enjoy the monopoly of supplying current for traction, lighting and manufacturing purposes in Greater Berlin. The purchase price of the plant will be about \$31,000,000. The action of the city is due to a general demand for cheaper current.

PRISONERS TO RECLAIM LANDS.

By Associated Press.
BERLIN, Feb. 25, by wireless to Sayville, N. Y.—The government has reported to the budget committee of the lower house of the Prussian diet that from 50,000 to 60,000 acres of moor land are ready for reclamation work by prisoners of war. From 15,000 to 20,000 prisoners will be employed.

AMSTERDAM, via London, Feb. 25.—Figures compiled by the postal authorities show that since the beginning of the war 864 German newspapers have suspended publication.

REMNANT OF RUSSIAN CORPS MAY BE SAVED

By Associated Press.
LONDON, Feb. 25.—A dispatch to the Daily Telegraph from Petrograd says:

"The Russian military leaders expect a considerable portion of the Russian twentieth army corps will succeed in fighting its way out of East Prussia and rejoin the main Russian forces. These hopes are based upon a continual arrival of small detachments of troops who have extricated themselves from the forest labyrinth."

"Reports from the Russian line indicate that the German losses in the fighting were even larger than at first indicated, as the fighting at many places was of a hand-to-hand character. Along this front the present fighting seems to show that the Germans are not trying to push a definite forward movement, but are merely feeling about for a weak spot in the Russian line."

TORPEDOING OF SHIP CAUSES COMPLICATION

By Associated Press.
COPENHAGEN, via London, Feb. 25.—Public opinion in Norway is greatly disturbed over the torpedoing off Dover of the Norwegian steamer Rosin, presumably by a German submarine, according to an article appearing in the newspaper Politiken. As soon as a report covering the disaster is received, the paper says, it will demand that the Norwegian government send to Germany a communication, the meaning of which will be impossible to mistake.

It has been intimated, the paper says, that all exports from Norway to Germany will cease until a satisfactory explanation is forthcoming, one which will outline the course Germany purposes to follow with regard to Norwegian shipping.

FIGHTING INDIAN TO HAVE CHANCE

Another Opportunity to Surrender Will Be Offered Piute Fugitive.

By Associated Press. DENVER, Feb. 25.—No further attempts to arrest the Piute Indian, Ne-Gat, who is wanted on a charge of murder and kidnapping, will be made by United States marshal Neuberger until federal agents, acting upon instructions from Washington, have offered the fugitive another chance to surrender, according to a special to the Rocky Mountain News from Butte, Utah.

Scouts are said to have located the Indians about fifteen miles south of Butte. Another refusal of the Indians to surrender will be followed, it is stated, by a second attempt to capture Ne-Gat's posse to surround and capture them.

Instructions received by the Indian agents yesterday from Washington are said to have urged that every possible effort be exerted to induce the Piute to surrender before again attempting to take them by force. Coroner F. H. Carrell at Butte has started a general investigation into the deaths that have occurred since Sunday in the fighting between the posse and the Indians.

LIFE SAVINGS GO FOR HIS FUNERAL

Track Walker Stevenson Has \$1000 Obsequies After Family Quarrels.

Walking the tracks for years with his steel-tipped broomstick and bucket of oil, and paying his benevolent society dues out of his meager wages, Robert Stevenson, for twenty years a track walker for the San Francisco-Oakland Terminal Railway, yesterday reaped his only reward, a thousand dollar funeral. Preceded by a brass band and escorted by long lines of uniformed car men, the body was borne to its final resting place. When the aged track walker died it was found that he had \$1000 coming in death benefits. He had no family, and had quarreled with his nephews and nieces, his last relatives, a few weeks before his death. As a result the entire sum of the death benefits was spent on the funeral. Wagon loads of flowers, the band, an elaborate casket and other embellishments were added, and the carmen, at whose old track walker had waved his pipe as they passed, turned out in full force to do his honor.

POOR LO! QUIL'S ON TRAIL REDSKIN BETTER BEWARE

In Aquila Nebeker, or "Quil," as his friends know him best, the United States marshal commanding the expedition against a band of pestiferous Piute Indians resisting the arrest of a couple of their number charged with murder, near Butte, Utah, the federal authorities have a valuable man.

"Quil" knows every foot of ground in Utah. He used to be a cattleman in his younger days and he has chased steers from Pima, Arizona, across a ferry in the Grand Canyon, and from Powell's Plateau to the Idaho line, from Skull Valley on the west to Steamboat Springs in Colorado and all the nooks and corners of these states with the result that if there is a spot in all Utah where an Indian might be tempted to hide, Nebeker knows it.

He has other advantages in his favor. He is a relative to nearly everyone of the original population of the state. There isn't a town or hamlet from Cache Junction on the north to Cedar City, from Peoa to Toquerville, from Koosharem to Kanab that does not contain either a cousin or two or a brother-in-law or some other relative, and when he sounds a war-trail summons in any locality there will be "men with the bark on" hustling to his assistance.

HE'S UNIVERSITY GRADUATE.

But there are not all of Nebeker's qualities. Not all. He is an educated man, a university graduate if you please. He is one of the best analytical chemists in the country. He is also an attorney at law, but that is an accident. He owned a tripod and camera, where he had a ranch and made water run up hill from Bear Lake to irrigate it. They had a habit of consolidating offices. "Quil" was a surveyor in addition to his other accomplishments. He owned a horse and other instruments and because of this he was elected county surveyor. This office was consolidated with that of county recorder and county attorney. By virtue of long lines of service he was admitted to practice as a matter of necessity. He made good at that. One of his signal services was the conviction of three horse thieves defended by able counsel from the city of Salt Lake City. The thieves knew all about the law, but Nebeker had the facts and in Lake County, Utah, juries pay little attention to law, but give close attention to facts.

LEGISLATOR, TOO.

Nebeker is a member of the territory legislature, a member of the first house of representatives of the state legislature and a state senator and president of the state senate two terms. Utah has no lieutenant-governor. The secretary of state is next in line when the governor dies or is absent.

PORTUGUESE ELECTIONS POSTPONED WITHOUT DAY

By Associated Press. LISBON, Portugal, via Paris, Feb. 25.—The Portuguese government has decided to postpone the general elections sine die and it has ordered a revision of the census. This decision is considered here as a hard blow for Dr. Alfonso Costa and the Democratic party, for the reason that under the existing census he undoubtedly would have obtained a majority vote because of the emigration of his party's adherents from voting of the other parties.

The newspapers declare that a revision of the census can be made only by Premier de Castro, acting as a dictator, which would be "unconstitutional" and the country would be in a state of anarchy.

The Democratic propaganda is being advanced with energy and party feeling has invaded the army. Posters and manifestos against the government and Premier de Castro have been distributed in the streets and a number of men caught distributing these handbills have been arrested.

WILSON FOOD GUARANTEE PLAN MEETS DISFAVOR

By Associated Press. LONDON, Feb. 25.—With regard to the assumption that President Wilson had been given authority to permit Great Britain should allow foodstuffs for civilians to enter Germany under some form of American guarantee and American distribution, the Daily Mail in an editorial today declares that such an proposal is not likely to prove acceptable to the British government.

"We must consider the enemy source of the proposal," the Daily Mail says, "and not the neutral and friendly channel through which it reaches us. We prefer that Germany should go her worst, knowing that her worst will be bearable. Therefore, our reply should be a polite refusal and that refusal should immediately be followed by the long overdue proclamation of a real blockade of the German coasts by ourselves and our allies."

CENTER PLANS PROGRAM. The Oakland Civic Center will tomorrow afternoon have a second legislative program of the month at a meeting conducted by Miss Annie Florence Brown, chairman of the day. Among the speakers will be Mrs. Dane Colledge, president of the Berkeley Center, who will give a "Continuation of the Survey of State Institutions," and Mr. R. S. French. The latter will talk on "State Care of the Deaf and Blind." A speaker from the State Board of Control will give an explanation of the estimates and expenditures of the California State Budget. E. C. Bunker will preside at an executive board meeting at 1 o'clock and a business meeting at 2 o'clock. The program will begin at 2:30 p. m.

Taft PLEADS FOR U. S. UNIVERSITY

Addresses National Education Assn., Urging Standardization of Systems.

By Associated Press. CINCINNATI, Feb. 25.—Professor William H. Taft of Yale University, former President of the United States, speaking before the convention of the National Education Association here today, said:

"The cause of free public education is more sacred and of more fundamental importance than almost any other before our people. It is one that awakens the profound interest of the people and commands the greatest and most willing self-sacrifice by the tax paying public. The consequence of this fervor is that our school systems are not as much scrutinized as they should be. Indeed, it is now difficult for the public of a community to learn the facts as to the thoroughness of the discipline and of the knowledge imparted in their schools or of economy in the expenditure of the funds devoted to education."

NOT QUALIFIED TO JUDGE.

Permits are themselves not qualified to pass upon the result of a public school system in a town, county or district in such a way as to make their opinion a best criterion. Hence, there is great opportunity for fustian and shoddy in the product concealed under a cloak of a pretentious curriculum and glowing annual reports.

"What we need in the country is an opportunity for standardization and comparison of school systems in the different states and different cities. This, I think, we might have by establishing what Washington recommended a national university in Washington."

The bureau of education might well be enlarged into a University which should not be a teaching university but one with a corps of experts who could offer to the people of all the states and the people of all local communities the opportunity of having their respective school systems examined and reported upon as to proper scope, efficiency, thoroughness and economy. The same university should hold periodical examinations in convenient parts of the country which any persons might, upon payment of a small fee, take, and if successful, receive a certificate equivalent to a degree in certain established courses.

VALUE OF CERTIFICATES.

"All this would be voluntary, but if the system were impartial, thorough and wisely administered, the value of the reports and the value of the certificates would become great. They would assure the people of a community that they were getting their money's worth from a school system officially approved by such a university and by assuring them that the graduates of their school could obtain employment in various occupations. Thus, we should soon have a standardization of school systems of the highest value."

"The pressure of the tax payers upon their particular school authorities, to apply for an examination and report would be so great that it would soon become equivalent to a compulsory system. It would stimulate school authorities to earnest work. It would eliminate shoddy, pretense and show; would minimize exploiting and publicity methods and would give a proof of excellence and comparative high standing as it that would be incontestable. I tried to secure larger appropriations for my administration for the bureau of education with a view to beginning the system in a small way, but was unsuccessful."

SUMMER GARMENTS ARE OBTAINED BY BURGLAR

Burglars broke into the store of Leon Morrison, 323 Broadway, last night and several suits of clothes and cravats were stolen. The loss is estimated at \$50.

J. W. Palmer and son, Fourteenth and Market streets, reports to the police that their place of business was entered and a small sum stolen from the cash register.

While T. Tressler, 559 Sixth street, of the Oakland Fire Dispatch, was responding to an alarm of fire, thieves entered his room and stole bedclothing, silver back hair brush and other belongings, according to his report to the police to day.

MYSTERIOUS MESSAGE GIVES WOMAN FRIGHT

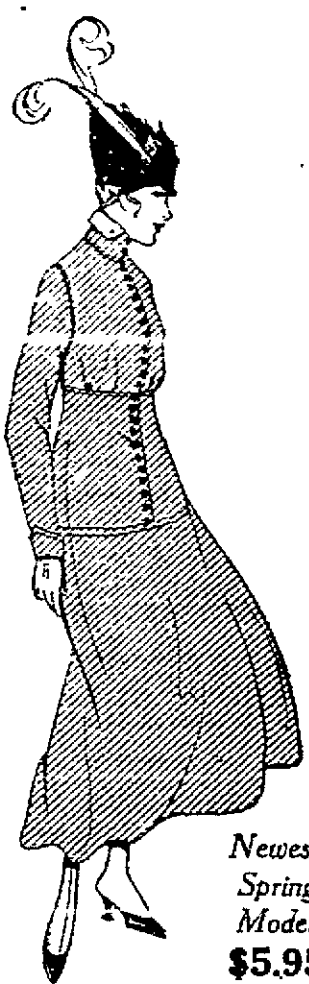

"We're talking from the electric company's office. Will you kindly step out on the street and see if there is anything wrong with the lights outside your house?" was politely asked of Mrs. E. Edgar of Seashore street over her telephone late last night.

Mrs. Edgar was suspicious of the strange request but before she could make inquiry, the receiver at the other end was hung up. She did not go out, she had done so she would have been seen upon.

"I was afraid the phone message was not genuine and that it might have come from desperate characters who would at last get the 'GETS-IT' out of me," declared Mrs. Edgar. "People who receive such telephone calls at late hours should make a point of asking central the number of the telephone at the other end of the wire," she suggested.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a tencup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Adv.

By Associated Press. LONDON, Feb. 25, 1:45 a. m.—A dispatch to the Exchange Telegraph Company from Athens says that Professor Georgios Strelis, former foreign minister, has been appointed Greek minister to Constantinople. The correspondent adds that King Constantine is preparing for a visit to Saloniki in order to inspect the troops in Macedonia.

MARINE INSURANCE RAISED.

By Associated Press. LONDON, Feb. 25.—As a result of German attacks on neutral ships insurance rates on the cargoes of American liners crossing the Atlantic have been raised to the same level as on British liners and now are about 1 per cent. American cargoes were formerly insured at half the rates charged British vessels.

You will not be disappointed with this treatment, providing you get real delatone.—Adv.

GOOD-BYE, RHEUMATISM, BACKACHE, WEAK KIDNEYS

An unhealthy body, and the unhappiness and misery which follow may be prevented by ordinary judgment and care. Keep your stomach and kidneys in shape and you will have good health. The kidneys' work is to throw off the poisonous matters which enter the body. If they perform this work regularly and automatically, the other organs will take care of themselves.

Diseased conditions of the bladder or kidneys are indicated by nervousness, sleeplessness, that tired, worn-out feeling, dizziness, backache, lumbago, rheumatism, pain in the lower abdomen, many so-called "female troubles," severe pain and discomfort when urinating, bloody, cloudy and stringy urine, too frequent urination, etc. All these are nature's danger signals to warn you of diseased kidneys or bladder, which may lead to fatal Bright's disease.

Don't wait until the danger is upon you. Go to your druggist at once. Get a trial box of GOLD MEDAL Haasler's Cat Capsules. They are made of the pure, original Haasler's Oil, the kind your great grandmother used. About two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. HOTEL GUESTS AROUSED BY ALARM OF FIRE

Guests of the Clay-Ten Hotel, at Tenth and Clay streets, were aroused shortly after 1 o'clock this morning by an alarm of fire and ran out into the corridors of the hotel clad in scanty attire. A panic was averted by the speedy arrival of the fire department, and the fire was confined to one room.

Clifford T. Mills, a guest at the hotel, was smoking while lying in bed, and hot ashes from his cigar set the mattress of his bed on fire. When he turned in the alarm, the mattress was blazing merrily.

Chief Whitehead used the hose operator in the hallway of the hotel to extinguish the blaze.

MISSING GIRL FOUND.

Daughter of Mrs. L. W. Simmons, 306 Phoenix street, who disappeared Tuesday to visit her brother in San Francisco, was found yesterday in San Francisco.

THE GUINEA PIG PROVED IT

That dandruff, itching scalp and falling hair, are mostly due to a contagious disease is now recognized by dermatologists everywhere.

A notable demonstration was by Drs. Lassar and Bishop, who took dandruff scales from the head of a student who was losing his hair and having made a pomade of them with vaseline, rubbed the same upon a guinea-pig, and the pig became bald. (See George Thomas Jackson, M. D., on diseases of the skin, 4th edition).

The success of Newbro's Herpicide in the eradication of this contagion is quite extraordinary. Neglect and delay only add to the trouble. Begin today with Herpicide and watch the improvement. Stops itching of the scalp almost instantly. Try it.

Send 10 cents in stamps to The Herpicide Company, Dept. 103-B, Detroit, Michigan, for sample and booklet.

Two sizes—50 cents and \$1.00. Sold and guaranteed at all Toilet Goods Counters.

When you call for Herpicide, do not accept a substitute. Applications at prominent Barber Shops.

BATTLES FOR LIFE IN NABBLING KNIFE WIELDER

SAN FRANCISCO, Feb. 25.—Policeman Refe De Bardeleben battled for his life late last night with Jeremiah Schmidt, a sailor, whom he saw chasing pedestrians in Market street, near Second, with a large knife. When the policeman overtook Schmidt the latter turned on him and slashed at him with the weapon. Before De Bardeleben could overpower Schmidt his uniform was ruined, but fortunately the police officer escaped with only slight cuts.

SAN DIEGO FAIR WONDERFUL, SAYS BARRETT

BIG CROWDS THROG SOUTHERN EXPOSITION

CHILDREN'S DAY ON "THE ISTHMUS," THE AMUSEMENT STREET AT THE SAN DIEGO PANAMA-CALIFORNIA EXPOSITION.

"Every American should see the San Diego Exposition. Architecturally, it is the most wonderful achievement I have ever seen."

This opinion is expressed by John Barrett, director general of the Pan-American Union.

Even the most optimistic prophets failed to realize what a drawing card the San Diego Exposition would be to persons from all parts of the country. More than 42,000 persons attended the opening New Year's Eve, and since then thousands have passed through the Exposition gates every day. Although the low railroad rates from eastern points do not go into effect until March 1, the great stretch of country east of the Rocky mountains is well represented among the visitors who throng the Exposition grounds.

With San Diego one of the most important military and naval centers on the Pacific Coast, the army and navy of the United States play prominent parts in the life of the Exposition. The land parade on January 2 to celebrate the opening of the first all-year exposition in history was one of the largest military parades ever seen on the Pacific Coast. Since that time, the First Battalion, Fourth Regiment, U. S. Marine Corps, which is camped on the Exposition grounds, has held daily drills, music being furnished by the regimental band, which also is stationed at the Exposition for the entire year 1915.

In the harbor are numerous warships. The great San Diego battleship of the Pacific fleet, under command of Rear Admiral Thomas Benton Howard, was present at the opening of the Exposition,

as were a score of other war vessels, including cruisers, destroyers and submarines.

FEATURES UNIQUE.

There are many unique features at the San Diego Exposition and their number and importance is due directly to the fact that the fair at San Francisco, as first thought, a calamity but now recognized as a decided boon, for it was competition that forced San Diego to create something different from the conventional.

Several of the buildings are large, but except for the great dome and tower of the California State building, standing at the west approach near the end of the great Esplanade, few are tall. Instead, they crowd luxuriously over broad spaces on the mesa which looks down on the sea and the strand of Coronado.

San Diego has an individual interest in the development of the back country, but in the fact that interest is the genuine intent of the Exposition to stimulate bigger things, the upbuilding of the entire West, and in this program Washington and Montana and Kansas are taking as much interest as Nevada and New Mexico and Utah and the other states which may be considered as in the southwest. Their state buildings are devoted to part of "follow up" system of the Exposition's program for developing the nation's agricultural resources, by methods as novel as the architectural program and as effective.

The man who walked through the palace of machinery at the world's fair of the past and saw absolutely nothing to catch and retain his interest will not see that sort of machinery exhibit at the north and of the grounds there is a great tract of land. Through that tract are moving the heaviest tractors, the

most cultivators, the latest style in reapers and binders and threshers.

Down the Alameda from that large scale display which the west includes farm, many there are in the back to the land movement who can afford to take up 100 or 200-acre tracts, equip them and cultivate them, but many others there are who are financially or physically unable to do anything of the sort. But if these men can see a five-acre tract bearing a variety of fruits, and by intensive cultivation bearing a still greater variety of vegetables in the soil beneath the fruit trees, if they can see a little section given over to vineyards, another to berries, another to a small poultry farm; if they can see that this tract produces four or five times as much as the same area did under old style methods, and with less labor, if they can catch the spirit of the "little lander," who gets "a sure living and a good profit on a little land," then there is a meaning to them. The effort has been to show just such men exactly what they can expect if they are willing to work.

In the center of the model intensive farm is a typical western bungalow.

ORCHARD IN BLOOM.

Across the ravine from that intensive farm is an orchard in full bearing, designed to show the operation of the latest type of orchard machinery, and across the way is another orchard, of citrus fruit, picked from the best orchards of southern California, showing the orange, the grapefruit, the lemon, the kumquat, and the other citrus fruit growing alongside the paths.

There is something of this spirit in the "Painted Desert," which started as an amusement, but has developed into an education. Surrounded by an adobe wall and a cedar post stockade, its rocky formation, its sand, its very caustic like the scenery of the Painted Desert of Arizona, it seeks to "concentrate in a small space the real native life of the southwest. It is cut by a high mesa. On one side lies the reserve of the Navajos and the other wandering tribes, on the other pueblos of the village Indians, the Hopi, Zuni, Taos and the Rio Grande pueblos.

CITES RAILWAY WHICH NEVER HAD ANY DEBTS

By Associated Press. CHICAGO, Feb. 25.—A railroad which is independent of the stock market and which never had any debts figured in a discussion of railway economics at yesterday's session of the house of arbitration in the western railway case. It was the Missouri Southern, seventy miles long, between Bunker and Leeper, Mo.

Warren S. Stone, representing the engineers, asked A. W. Trenholm, general manager of the Chicago & North Western, and Omaha railroad, "What would you consider a proper return to capital invested in railroads?" "About six or seven per cent, considering the uncertainties of the business," answered Trenholm.

Asked to name a road that ever paid its debts the witness said: "Well, the Missouri Southern never had any debts." He added that it had made money under the two-cent fare law in Missouri and freight in the regulation cut into it," he said, "and I understand the company is in court now trying to regain its place in the sun."

TELL OF GRIEVANCE AGAINST JUDGE DAYTON

By Associated Press. WASHINGTON, Feb. 25.—Witnesses yesterday before the House judiciary subcommittee investigating charges against Federal Judge Dayton of West Virginia. Charles M. Scholwiler of Parkersburg, W. Va., told how two Italians had been indicted, convicted and sentenced to the maximum penalty as slavers in the judge's court all in one day.

The judge he complained, called a jury "a chicken-hearted bunch," when they acquitted a woman charged with white slavery.

A. C. Palmer, a coal operator of Akron, Ohio, told how he had agreed to let Judge Dayton arbitrate, privately, a case between himself and David Elkins, a son of the former West Virginia senator. Although the case had been in court four years Palmer said, the judge gave a decision to Elkins in 19 days.

ARRIVES FROM CHINA. Mrs. M. Chin, who recently arrived from Peking, China, registered at the Key Route Inn last night, where she will remain for some time while she is visiting at the fair. Mrs. Chin is the sister of H. Y. Wei, whose "Nachtweil" or floating garden at Santa Barbara, is well known all over the state. Mrs. Chin will be joined by West shortly.

INCOME TAX MAN IS ON YOUR TRAIL

Delinquency Will Cost You Real Money, Says Uncle Sam.

If you have an income, that is a real one, that is so big that it attracts the attention of the federal government, prepare to make your accounting with internal Revenue Collector J. J. Scott at once, otherwise a delinquency will cost you real money in penalty.

When Uncle Sam wants anything he wants it badly and the vast machinery of the government is not much for delays. Therefore, if you are one of the fortunate persons, or unfortunate if you are not, who have a regular pay day that removes you from the class of ordinary persons, get busy with the income tax blues and pen before March 1.

There are about 20,000 persons, income taxable, who have not yet made their report, according to Collector Scott. There are about 20,000 who have done so and those who are late will have to hurry as there are only three days left and one of them is Sunday.

The income tax law provides that all persons who have an income over and above all necessary living expenses reaching a stipulated amount shall make a report of same between January 1 and March 1 each year.

SUE TO RECOVER ALASKA TIN MINING PROPERTY

By Associated Press. PORTLAND, Ore., Feb. 25.—Suit was filed in the United States District Court here today on behalf of John J. Cusack and George B. Bartley, deceased, for the recovery of 1300 acres of valuable tin mining property in Alaska.

The defendants are F. E. Kendall of Portland, northwestern manager of the American Can Company; George W. Sanborn and Francis Cutting, owners of a salmon packing concern of Astoria; R. E. Norris, deputy United States marshal of Nome and F. P. Cutting of San Francisco, president of the American Tin Mining Company.

It is alleged that under the pretext of getting money to equip a mine, Cusack and Bartley were induced to turn over their rights to F. P. Cutting, who was to act as trustee. According to the complaint, the plaintiffs were sent off to Alaska, and in their absence a stock corporation named the American Tin Mining Company was organized and the stock was assessed at a rate that caused them to lose their interests.

JOHN N. BILLARD PURGES HIMSELF OF CONTEMPT

By Associated Press. NEW YORK, Feb. 25.—John N. Billard, a director of the New York, New Haven & Hartford Railroad Company and connected with the Billard Company, was yesterday brought before the United States District Court for his refusal to produce while before the Federal Grand Jury investigating affairs of the New York, New Haven & Hartford Railroad, the books, ledgers and papers of the Billard Company in conformity with two subpoenas served upon him.

Billard explained that he demanded the privilege of explaining before the grand jury just why he refused to produce the books and papers. Assistant Attorney General Swacker insisted the grand jury wanted not verbal testimony but the books demanded.

After a short argument Billard decided to surrender the books and he was accordingly purged of contempt.

TAKE YOUR KODAK TO THE FAIR.

Get A Set of Your Own Exposition Pictures While You Have the Opportunity.

We have been told that eleven hundred cameras were taken into the exposition grounds on the opening day.

Judging from the orders we received for printing and developing these figures are not exaggerated.

A camera permit costs only 25c and, as a consequence, many people are taking their cameras with them.

After the rains the atmosphere is unusually clear, consequently you would suggest that you strap the kodak on the next time you go "ex-positioning."

Well, the fountain pen people are still on the improve. Waterman & Co. have put out a new lever type self-filler that is a beauty. All you do is lift a little lever, put the pen in a bottle of ink and it fills itself in less time than it takes to tell it. These pens are also fitted with the new safety screw cap which prevents leaking.

You know, of course, that we repair old pens and also take them in trade.

Every woman knows what's best for her particular face. She has probably been operating upon that same face for 10 or 20 or 40 or maybe 50 years and ought to know what's good for it.

Plan Surprise For Bachelors

Twenty-Eight Belles of Younger Set in Zone Plot

There will be a surprise for 28 young bachelors in the Zone of the Exposition Saturday night. Mrs. Bowie-Derrick has planned it—a counter plot to plans of 28 beaux of the younger set. If it is not a genuine surprise after all it will still be a merry party and the climax of a plot to surprise.

The 28 men decided last week to do the Zone together in a stag party. They were elated with the idea. Dinner down town and then the Fair and no girls or chaperones allowed. A man's party. They talked a lot about it in superior, exclusive, masculine manner that was trying for 28 charming girls, who were made to feel awfully "out."

Some of them told Mrs. Derrick and she had an inspiration. If the men could do the Zone, the girls might, too, she reasoned, and it was possible they would meet. Mrs. Derrick announced a dinner for Saturday night, and asked the 28 rather disconsolate girls to be her guests at the Derrick home in Jackson street. Later they would go to the Exposition.

The rather disconsolate girls brightened and on Saturday they also will dine and do the Zone. And as Mrs. Derrick reasoned, the two parties may meet. Any way, Mrs. Derrick is prepared to chaperone 56 young people through a happy evening.

CONTESTS ARE PLANNED UNDER Y. W. C. A. AUSPICES

As part of an educational plan adopted by the Young Women's Christian Association at the Exposition, a series of local and national contests along literary and artistic lines has been announced. The results, the best of which will be awarded prizes, will be one of the interesting features of the exhibits. A local showing of the material turned in will be given from March 1 to March 3 at Stiles Hall in Berkeley.

The contests of a literary nature are to be the writing of a drama, (b) a short story, (c) a Bible story, (d) a song or hymn. For these the awards will range from \$25 to \$100 for the first selection, and from \$15 to \$75 for the second. The two "art" contests, considered of special interest, are for the best original poster, leaflet or book-cover, and for a set of twelve photographs. The first prize offered is \$15 for the latter, the second being \$10. Awards for the former will be \$25 for the chosen first and \$15 for the second choice.

The committee has requested that all contestants hand in their names as soon as possible. Further information is available on the bulletin boards of the A. W. C. room in North Hall, Hearst Hall, the Library, California Hall, and the Architectural and Drawing building, at the University of California.

The final destination of the best examples will be in the building erected at the request of the Exposition officials. This structure of the National Board of the Young Women's Christian Association is located between the main entrance and the Court of Sun, Moon and Stars. For the convenience of women and girls, it will contain many rest rooms, a writing room, a quick lunch service room, an auditorium where lectures of various sorts are to be given this year, and many other accommodations.

ESTABLISHES CHESS RECORD.
By Associated Press.
PORTLAND, Ore., Feb. 25.—Frank J. Marshall of New York established new chess record by losing only four games out of ninety-two, which he played simultaneously with as many contestants. Ten of the games ended in a draw. The contest lasted 6 hours and 45 minutes. The previous record of this kind was held by Jose Capablanca, who lost five and drew twelve games out of sixty-five played.

How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 25 cents, a full pint of really better cough syrup than you could buy ready made. It is a complete satisfaction, or nearly so. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with quinine, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Beauty? Cannot Help It, Is Defense

NEW YORK, Feb. 27.—"As for why my husband charges—he is correct in saying that my friends call me 'Baby Beauty.' I can't help that. If nature has endowed me with physical charms, it is certainly not my fault. As for my husband's charges that I tango, who doesn't?"

The above is part of the plaint made by Mrs. Helen Bertha Litwin concerning the charges made by her husband that her beauty was her curse. In his reply to her suit for divorce in the supreme court of Brooklyn before Justice Jayson.

Mrs. Litwin, who prefers to be known as Mrs. "Bert" Litwin, is the daughter of P. Weisberg, a wealthy resident of No. 61 Strong place, Brooklyn, and is just nineteen, and is exceedingly pretty and chic. This last is vouched for by the reporter who interviewed her.

"My husband charged me with being an habitual of the poker game, an incessant smoker, a tango fiend, a keeper of late hours and a thoroughly undomestic person," complained Mrs. Litwin.

SHE NEVER SMOKED.
"I have never smoked in my life. I have never smoked a cigarette. If it was an habitual smoker it would show on my fingers. I don't play poker, but I have watched other people play. I don't know the game, and it was only last week that my cousin told me that a straight flush beats four of a kind."

"I do play whist, and I believe some say it requires brains to be able to do so."

"As for my husband's charges that I tango, who doesn't? Even Mayor Mitchell, I'm told, tangoes. If my husband holds that against me, it is true."

"My husband says I am undomestic. It is true that I do not brought up to do housework. I would not let him make a drudge out of me—I would rather be shut up in a convent than be a household drudge."

"My husband is correct in saying that my friends call me 'Baby Beauty.' I have it is the fault of nature that I am endowed with physical charms. Now, honestly, isn't it dreadful, and think of it. I live in Brooklyn, too. I don't know what the townfolk will say when they see me in print. But speaking seriously, my marital infidelities are harmless. I will not say a word of my rumpus at home. However, I'm my own mistress now."

BECOMES DANCER.
In his reply Mr. Litwin said that his wife imagined she was Helen of Troy and conceived passionate admiration for the flattery of other men.

"Her mad desire for dancing is the trouble," she said. "She wished to dance, drink and smoke. I have since then, and she has become a dancer in a dreadful way to attract attention."

Also, he alleged that Mrs. Litwin was so wrapped in the contemplation of herself that she disliked the thought of motherhood. He charged that his wife's gambling debts often cost him as much as \$50 a week.

NATIONAL ASSEMBLY OF PANAMA ENDS SESSIONS

By Associated Press.
PANAMA, Feb. 25.—The Panama National Assembly adjourned yesterday.

Since the beginning of the session in September the assembly has passed laws not only providing for a general election for the next two years of \$11,500,000, which exceeds the estimated revenues from all sources by approximately \$1,000,000; sanctioned public improvements in various provinces to the value of about \$5,000,000 for which, however, the money has not been provided; and also sanctioned the national debt of \$3,000,000, the first the country has had.

The assembly has adopted measures in an effort to provide new revenue by a stamp tax and by increasing import taxes from 15 per cent to 25 per cent on goods of an eight hour law and a law providing for the deportation of pernicious foreigners.

REMIT INCOME TAX FINES.

WASHINGTON, Feb. 25.—A favorable report made by the House Ways and Means Committee on a bill to remit all fines in excess of \$10 paid for failure to make income tax returns within the required time. When the law first became operative, it is said, the treasury imposed some 390 fines of \$50, but later \$10 became the usual penalty.

Where Women Lead

By LILLIAN RUSSELL
(Copyright, 1915, by Lillian Russell)

It is my opinion that a conversation between an ordinary man and woman is invariably directed by the woman. If it is not, and it becomes distasteful to her, she can easily, yet politely, terminate it. If I am right in this assumption, as I believe I am, a heavier responsibility rests upon every woman.

It is natural to man to show deference to woman. This not only applies to the ordinary attentions he can pay her, but he is also naturally disposed to respect her wishes and desires. Anxious to please (a well bred man always will be) he will talk about those things in which he finds an interested auditor. To ascertain the subjects in which she is interested, he permits her to take the lead.

There are men who are smooth of tongue and craftily attempt to direct conversation along personal lines, delicate and even objectionable lines, but they do not go far when they learn that they are disappointing the woman. She can make her stamp of disapproval apparent without being rude, and the average man will soon diverge from the objectionable subject.

I wonder how many women, merely for the sake of politeness, have listened to words that were really offensive. From pure nervousness women sometimes listen to words that actually grate upon their sensitive natures. Such women are unfortunate, for they place themselves in a false light while silently suffering.

The man who will introduce and insist upon continuing a conversation along offensive and objectionable lines is seldom worthy of consideration. If he is, it is really not difficult for a woman to check him in a way that will leave him feeling she is his superior. Such a woman can command a new respect by actually changing to a subject more suitable.

Remember: A woman is not only judged by what she says but also by the words to which she listens without a protest.

Calling His Wife Names Not Cruelty?

Judge Says It Can't Hurt, So Is Not Divorce Ground

LOS ANGELES, Feb. 24.—Forsooth, gentlemen, here is indeed good news. We may now all call our wives names. But don't fool with her temperament. These tidings were spread broadcast throughout the land today by the Appellate Court.

No more must humble men bow before the rolling pin and frying pan and permit themselves, meekly, to be the only ones to be called names.

But all that is past now. The Appellate Court has ruled. The Appellate Court has ruled in the ruling of the Appellate Court sustaining Judge Monroe in his recent refusal to grant a divorce to Mrs. Martha Donnelly of Los Angeles, who said her husband, Henry M. Donnelly, had called her names and thereby inflicted "grievous mental cruelty."

Judge Monroe decided that under the circumstances and considering the apparent "degree of intelligence, refinement and delicacy of feeling possessed by plaintiff" the names she was called didn't hurt her.

CUPID FOILED: TEARS: PERMIT WAS NEEDED.

STOCKTON, Feb. 25.—Cupid was temporarily foiled here when County Clerk Graham refused to issue a marriage license to Emil Fabian, son of a wealthy business man of Sacramento, and Ruth O'Brien, a pretty member of the Capital City's younger set. Fabian gave his age as 19 and Miss O'Brien's as 18.

The girl in very persuasive tones declared she had not thought it necessary to get her parents' written consent and hoped the license would not be refused on that ground. Fabian said that he had armed himself in this respect and produced a note signed by his father in which the official was authorized to issue the license.

"You failed to get it attested by a notary public, and it's no good," replied the county official.

The couple walked out of the courthouse arm in arm, Miss O'Brien wiping away a tear or two and her suitor trying to comfort her.

**Constipation a
Penalty of Age**

Nothing is so essential to health in advancing age as keeping the bowels open. It makes one feel younger and fresher and forestalls colds, piles, fevers and other dependent ills.

Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative, recommended by physicians and thousands who have used it, is the combination of simple herbs with pepsin sold by druggists everywhere under the name of Dr. Caldwell's Syrup Pepsin. The price is fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. E. Caldwell, 452 Washington St., Monticello, Ill.

**SHORTHAND SCHOOL
PLANS MARCH CLASS**

The Ilsen Shorthand Institute is arranging for another of its successful private classes in business training, to begin the first of March.

Only a limited number of young women are enrolled, so that each student receives a large degree of individual instruction. The expert teachers give more time and attention to each student, so that she becomes better trained to hold the good office position.

The Pitman and Gregg systems of shorthand are taught, and a very rapid and facile system of touch typewriting is imparted. The course also includes business correspondence, punctuation, commercial law, bookkeeping, and those matters of business knowledge that a business man would care to have his daughter know.

The efficiency of the course is evidenced by fifteen years of successful teaching. The tuition rates are moderate.

The Institute is located at 529 Twelfth street; elevator entrance. Blake Block, 1121 Washington street. —Advt.

**DECOY TELEPHONE CALL
TRACED BY DETECTIVES**

SACRAMENTO, Feb. 25.—All doubts held by local friends of Ralph Garoutte, 13-year-old drug clerk, who was murdered or killed himself and his unsuccessful attempt to hold up a messenger boy last Wednesday night, as to whether Garoutte telephoned to the Casey drug store to order the decoy package of drugs were removed when Chief of Police Johnson announced he had positive proof that Garoutte himself telephoned to the drug store.

Garoutte used a pay station telephone in Oak Park, not far from Sacramento and Madrone avenues, where he spent a few minutes earlier in the evening watching a pool game.

Chief Johnson says he has a witness who saw Garoutte enter the telephone booth and heard him call up Main 801, which is the Casey pharmacy telephone number.

**TOWN BOARD MAY AID
HAYWARD CHARITIES**

HAYWARD, Feb. 25.—A suggestion that the town board appropriate a certain sum each month to assist the work of the Associated Charities has been made by R. E. Reid, secretary of the charity organization. He proposes that the board give \$20 a month which might be used in providing necessities such as coal and provisions as well as clothing for those in temporary want.

The board of trustees will probably be asked to consider the matter at its next meeting Wednesday evening. The Associated Charities of this city has been particularly busy this season in caring for needy cases, and among those in want were out of employment.

Mrs. William Angus, the president, W. J. Ramo and others have been active in this work and a large quantity of clothing, coal and provisions has been collected and distributed.

**FEW FOLKS HAVE
GRAY HAIR NOW**

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her hair looking dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance. —Advt.

**CITIZENS WORK
FOR BOND VICTORY****Campaign for Million-dollar
Exposition Issue Taken Up
With Enthusiasm.**

The citizens' campaign that is being inaugurated throughout the county in behalf of the million dollar exposition bonds to be voted on March 15, is developing fast.

From all sides the forces of public opinion are getting behind the movement to swing the bond issue to victory. Here are some of the gatherings arranged for the next few days:

At noon tomorrow a luncheon of the chairman of the various committees, which are working in the interests of the bonds. The luncheon to be held at the Hotel Oakland.

The committees to be represented and the chairman of each follow: Finance, Adolph Uhl; speakers, Wells Drury of Berkeley; Improvement clubs, Charles F. Gorman; commuters, R. E. Miller; manufacturers, Curtis Wright; merchants, A. A. Hansen; churches and women's organizations, Robert A. Lee; bankers, W. K. Cole; doctors and dentists, Dr. J. L. Pease; school teachers' club, Elizabeth Sherman; real estate, Fred E. Reed and Perry Tompkins; musicians, Alexander Stuart.

In Berkeley a mass meeting of citizens will be held in the Hotel Shattuck tomorrow evening. Mayor Charles D. Heywood, Wells Drury, W. K. Cole and George Schneider are arranging the details.

Then on Tuesday the Progress and Prosperity Committee has arranged for a big luncheon at the Hotel Oakland, which representative citizens of the county will be present—citizens drawn from all walks of life—citizens who are determined that the bonds shall carry.

A great mass meeting to be held in Oakland within the next week or ten days is another plan under consideration by the Progress and Prosperity Committee. Details will be discussed at the committee's meeting tonight.

Meanwhile the Merchants' and Manufacturers' committee of the Oakland Chamber of Commerce, Commercial Club Consolidated has placed a working bond committee in the field, headed by J. R. Miller, F. W. Green and T. H. Fallon.

Preliminary work has been started. The committee has arranged with proprietors of industrial concerns for the holding of meetings of employees, at which the bond election on March 15 will be fully explained.

"Much misunderstanding has existed among the citizens," explained one of the businessmen yesterday.

"These meetings will have much to do with putting the issue fairly and squarely up to the voters."

Since the day the Supervisors set the date for the exposition bond election many citizens are recalling the strenuous days in January, 1911, when the exposition city was in doubt.

"They are beginning to remember that not only the business men of Oakland, but scores of civic and improvement organizations, and private individuals also sent telegrams to friends in Washington urging the San Francisco bid to name the exposition city. And when word did come that San Francisco had won they said: 'That's great. Our telegram did it.'"

Several hundred telegrams were dispatched from Alameda county during the days when the nation's choice of the exposition city was in doubt—telegrams from Alameda county citizens and associations.

Alameda county is one of the richest counties in the state. Its assessed valuation is \$220,250,000. A one million-dollar bond issue at the rate of 5 per cent on this valuation means that the tax for the first year will be \$100 assessed valuation would be 5 1/2 cents, while the average annual tax during the life of the bonds would be 1 1/4 cents on the \$100 valuation.

Foster inquired if his victim was still alive. The shooting occurred at the Stenzel ranch, where Foster went in search of his wife after announcing his intention to kill her.

**HAYWARD GUARDSMEN
PRACTICE MARKSMANSHIP**

HAYWARD, Dec. 25.—Within the past three months thirty-two recruits have been added to the local National Guard Company. ATTORNEYS TO CONSIDER LAWS

Redlight Abatement Among
Other Subjects to Be
Taken Up.

When the District Attorneys' Association of California convenes tomorrow morning in annual session in the Blue Room in the Hotel Oakland, a number of papers dealing with the Red Light Abatement Act will be read, following which there will be a general discussion of the law. This discussion promises to be interesting, not to say protracted, as the law has been subjected by lawyers and laymen to almost as many different interpretations as there are counties in California.

Another matter that will be presented to the convention at that time is the report of the legislative committee, District Attorney Miller of Kings county, chairman. For several days past the committee has been going over the voluminous number of bills introduced in the state legislature prior to the February adjournment and out of the rack of those measures has selected a scant dozen, affecting in general, which it will call to the attention of the convention. The committee will, however, discuss only the bills specifically by sections, nor make any recommendations in the matter of changes or amendments. The bills to which attention will be called are:

DESTITUTE, SHE DONS BOY SUIT TO FIND WORK

SACRAMENTO, Feb. 25.—"A boy in shabby clothes has a chance of getting work; a girl has no chance at all."

So declares Miss Chris Schrock, 15-year-old wanderer picked up by boys' clothes by the police and now being held at the detention house, pending an investigation. The girl tells a pathetic story of a long hunt for work, marked only by failure, during which she observed boys getting employment. Then it was she says, that she decided to pose as a boy, and donned overalls to carry out her daring scheme.

The girl declares that she and her family have for some time past struggled to live, and that she went to the Oak Park grammar school until her clothes became so shabby that she was ashamed to attend school any longer. She then sought work, she declared, in vain.

The girl, with three other sisters, were found to be in destitute circumstances on investigation by the authorities, and relief measures are now being arranged. The girls' mother, who died some time ago in Red Bluff and their father being killed in a runaway a short time afterward.

Local relief societies will have the girl released from the detention house as soon as work for her is found.

FIRE BOARD LOSES; ROLPH UPHELD

SAN FRANCISCO, Feb. 25.—The action of Mayor James Rolph Jr. in removing his fire board of five commissioners because they attempted to dismiss Chief Thomas Murphy without giving him the formality of a trial, was upheld this morning by Superior Judge Seawell. The court decided that the mayor had the right to remove the commission and that the members were not, as they claimed, even now entitled to their positions.

The decision was based on two points: First, the court held that the charter provision requiring a trial before a member of the department could be removed, is constitutional. Second, he held that whether the commissioners or non-commissioners with that charter provision constituted the fire board was a matter for the mayor to decide, and not within the jurisdiction of the court.

"I would be reluctant to say," concluded the court, "that a violation of the charter provision on the part of the fire board commissioners was not cause for removal."

The matter came before Judge Seawell on a petition for a writ of review filed by Attorney Harry Stafford in behalf of Charles T. Spader, one of the dismissed commissioners, and the decision was rendered orally from the bench.

Spader, together with James Dillon, Charles E. Jones and John Martin, was ousted from the commission by the mayor after they had refused absolutely to re-instate Chief Engineer Thomas Murphy, whom they had dismissed from the department. The dismissal of the board came as a climax to days of negotiations during which Spader for a time had two fire chiefs, Murphy and Patrick Shaughnessy. The latter was selected by the commission as Murphy's successor. The commissioners stated that they believed they were doing the mayor's will when they dismissed Murphy, and the mayor ordered him back to his post. Several clashes of authorities at fires occurred between Murphy, backed by the mayor, and Shaughnessy, backed by the fire commission.

Finally, a meeting was held at which it was expected the commission would restore Murphy. Instead they confirmed their decision while the mayor backed up and issued an order posted in the firehouses that Shaughnessy only was to be obeyed. Then the mayor dismissed all of them, appointing in their places John F. Davis, John Fogarty, Frank C. Sikes and D. R. Herrington.

MAY ESTABLISH DIRECT FERRY COMMUTATION

Oakland may soon see an Exposition commutation ticket. This announcement of Traffic Manager J. H. Brown of the Key System, who has detailed experts to watch the traffic from this side of the bay to the Fair, and decided that if the business warrants it the commutation book for the Direct Ferry will be a reality. The travel must number at least 500 to warrant the reduced fare books, the company declares.

The Key System, resolved that all its employees shall see the Exposition, today announced that they will be carried free over the Exposition Ferry. The company expressed its regret that it could not also give the employees free passage to the Exposition, but this, it is declared, is forbidden by the Exposition rules.

KISS IS KISS, BUT WHAT IS NEAR KISS?

Hayward Judge to Determine
Status of Suggested
Osculation.

HAYWARD, Feb. 25.—If a man only suggests a kiss, is that stealing one?

Of course not!

But is it a reasonable attempt under the law?

There's where Judge Charles Prowse is puzzled. He doesn't know where to find a law that holds if a young man asks a lady for a kiss and she doesn't want to kiss him, that young man has tried to feloniously, illegally and with malice aforethought contemplate stealing the osculation he demanded. In fact, if he asked for it may it not be that the man's intentions were honest?

SILE IS HONEST.

But pretty Mary Mullera of Hayward says that Sylvester Silva tried to kiss her and she wants the romantic youth fined for it. Sylvester says that he simply suggested to her that they "kiss good-bye" when parting. In the meantime he is out on \$25 bail awaiting the judge's solution of the puzzling problem.

Silva was arrested by Constable W. J. Ramo on the complaint of Miss Mullera, who declares that the attempted osculation took place while she and several girl friends were picking watercress near Ashland.

ADULTS SUGGESTION.

"I met Miss Mullera and her cousin," explained the defendant to the judge. "And when they started to leave I suggested that we kiss good-bye. But I did not attempt to kiss her!"

The case was put over for trial. Constable Ramo declares that a number of young girls have complained lately that young men about Hayward have been making themselves objectionable and such cases will in future be proved to the bottom.

OLD BUNCO TRICK WORKS ONCE MORE

Game Operated by Gallo Gang
Serves Swindlers, Who Vic-
timize Petalunians.

SAN FRANCISCO, Feb. 25.—Using the precise bunco trick utilized for the cleaning up of more than \$100,000 by the gang presided over by Michael Gallo and which involved a half dozen officers in the police department, confidence operators yesterday robbed Angelo Tagacini of Petaluma. It was not until this morning that Tagacini realized that his money had been stolen from him and made complaint to the police.

The method used was the old trick which has become time worn but is still as successful as when the first country farmer was separated from his earnings of years in one short hour in a bunco game. Tagacini arrived here on Monday from his home and registered at the Rona hotel. He met number number one on Montgomery street, Tagacini and the latter told him of a \$50,000 estate left by his father which he proposed to give to charity. Then they met bunco man number two, and number one proposed that they take hold of the money, give it over to worthy organizations and receive \$1000 apiece for their pains. They must, however, put up \$500 cash each as a guarantee of good faith. Bunco man number two handed out the \$500 but Tagacini had to get his money and a meeting was arranged for last evening. When up \$135 in cash and a promissory note for the balance, when the first stranger asked his accomplice to buy him some cigars. When the man returned with them, he professed disgust at their quality, gave Tagacini money to buy good snooks and when he returned with them the pair had flown. He could not believe that they would not see him today until a man to whom he told the story persuaded him that he had been buncoed and the police were notified.

Michael Gallo's description of this bunco trick on the witness stand when Policeman Frank Eola was being prosecuted for grand larceny, had a great deal to do with the sending of that officer to Solano penitentiary for five years. The tale was the same even to the cigars at the finish.

AGED PIONEER SUCCUMBS TO PNEUMONIA ATTACK

SAN FRANCISCO, Feb. 25.—Patrick J. Degan, aged 99 years, and a member of the San Francisco Grand Jury, died today at his home, 2355 Washington street, after a short illness from pneumonia. He was a pioneer of California. Funeral arrangements have not yet been made.

INJURED BY AUTO.

SAN FRANCISCO, Feb. 25.—J. Levin, an aged retired merchant of 657 Birch avenue, was painfully hurt when he was struck by an automobile at 7th and Park streets this morning. The machine, driven by Charles Rivers, was backing out of the garage of the Hayes Auto Company when it hit Levin. The old man was picked up and hurried to the Central Emergency Hospital. He is suffering from numerous bruises and shock.

'YOUNGEST BRIDE' JAILED ON CHECK FORGING CHARGE

LOS ANGELES, Feb. 25.—Catherine Kennard Maddock, aged 18, who, two years ago, married Earle Maddock, a boy of 15, and established an "ideal household," which lasted a month, was in jail today, charged with having passed a check to which she had forged the name of May Allison, county probation officer, who recently sent to her mother checks for the wages of her father while a chain gang prisoner working on the public roads. Jack Kennard, the girl's brother, also was arrested in connection with the check charge, and police at the same time took into custody Edward Hennep of Visalia, who had visited the girl's home and over-taken leave from Whitler Re-formatory.

Mrs. Maddock, who at the time of her marriage was known as "the youngest bride," came to Los Angeles from Venice yesterday, and running short of funds, passed a check for \$30, signed with the name of Miss Allison, the probation officer.

When the girl was married in 1913 she established a set of rules by which she and her husband were to be guided in founding an ideal and happy family. Four weeks was the duration of this domestic reign and Maddock went to San Francisco.

AWAITS HOUR OF SIX; KILLS HIMSELF

SAN FRANCISCO, Feb. 25.—Edward C. Catlin, third officer of the Pacific Mail Steamship Company's steamer Manchuria, committed suicide at 6 o'clock this morning at the exact hour he had left a call to be aroused at the office of the Hotel Marly, 57 Third street, where he lodged.

Catlin had evidently planned to slay himself at precisely 6 a. m. Why he chose that hour and why he waited through the long night without sleep until the telephone bell should ring and he should pass into the great Unknown, will never be revealed.

He entered the hotel last evening, left his call to be awakened and went to his room. At midnight he asked for an early edition of the morning paper. When he was called at 6 a. m. he answered the clerk and informed him that he had heard the bell ring. Then he drew the chiffonier over to the window, placed a revolver close to his temple and fired a shot which twice pierced his head and buried itself in the wall opposite. He died instantly.

When a clerk, believing that he had fallen to sleep again, went to his room to arouse him, he discovered the dead. He was clad in his pajamas and his bed had not been occupied. A weekly magazine and the morning paper lay carefully folded upon it. An envelope and addressed and stamped, without contents, was addressed to P. M. Catlin, Sayre, Pa.

Catlin was apparently about 30 years old and registered at the hotel on February 15, the day the Manchuria arrived here from the Orient.

JITNEY RUNS DOWN AUTO THIEVES

Policeman Commandeers Car,
and Makes Arrests After
Shooting.

In an exciting chase over back fences and through vacant lots and streets in North Oakland, during which a jitney bus was commandeered by Patrolman Peter Van Houtte, two alleged automobile thieves were captured single-handed by the patrolman. The men were Dunnie L. McCluskey and Howard F. Bond. They broke down and ran through the streets being questioned for three hours, that they had stolen an automobile belonging to W. E. Parrish of 954 Thirty-seventh street.

Van Houtte was forced to fire several shots at the fleeing men before he succeeded in capturing them. The two separated during the chase, but despite this fact the patrolman succeeded in running down one of the men, handcuffing him, and then in capturing his companion.

Van Houtte was at Forty-ninth street and Telegraph avenue when an automobile approached without any headlights. Van Houtte ordered the car to halt, but the driver speeded up and turned into a side street.

NEW USE FOR JITNEY.

A jitney bus came to a halt and Van Houtte leaped on the running board and ordered the driver to give chase. The two men speeded through the streets, and the jitney, carrying several passengers finally began to overtake the fugitive automobile.

Bringing the machine to a halt, the two men leaped out and ran into a yard. Van Houtte followed and scaled a high board fence which led him into an alley. The two men rushed down the alley and across a street into a vacant lot, where they separated. Van Houtte followed several shots. He succeeded in overtaking one of the men, handcuffing him to a fence rail and then captured the other.

The men stated that they were strangers in Oakland, having come from Seattle, Washington. They had letters addressed to various people in their possession and the police believe this indicates that they may have stolen other automobiles.

The letters, they believe, may have been found in overcoats in automobiles stolen by the two.

RAILROAD COMMISSION MUST COLLECT \$10 FEE

SAN FRANCISCO, Feb. 25.—The railroad commission started this morning to collect \$10 from the Peoples Water Company for the use of the water for the collection of the fee. The commission has given up the practice of charging for service connection at the present session of the State Legislature again to increase the Texas Ranger force, which is guarding the Texas-Mexican border. Governor Ferguson gave as his reason the increase of numerous thefts of livestock and personal property along the border.

DUKE OF PORTLAND HAS CANCELLED DERBY ENTRIES

LONDON, Feb. 25, 10:55 a. m.—The Duke of Portland, who for 30 years has been one of the leading figures of the English turf, has caused to be cancelled all his racing entries for the Epsom track, including the Derby for both 1915 and 1916, because of the refusal of the Epsom Association to do without the use of its club house for a few days. This building now is being used as a military hospital, and the Epsom Association is shortly to hold its regular meeting. When the association permitted the occupancy of its building as a hospital, it stipulated that the House be returned to it for its coming conference. In a letter of protest to the club committee the Duke wrote:

"Surely for one year a few followers of racing should be only too glad to forego their luncheons, if by holding them it was necessary to disturb British soldiers who have been wounded for the sake of their country."

The committee yielded partly and said they would require only one floor of the building during race week. But this did not satisfy the Duke.

FAIR WEATHER AT HAND
SAYS OFFICIAL PROPHET

SAN FRANCISCO, Feb. 25.—The Sun God has come around to California at last and after weeks of rain and gloom, it looks as though we were in for a spell of clear skies and balmy air. For the first time since February was ushered in, forecasters G. N. Wilson of the United States Weather Bureau, and the smile of optimism and affirmed that we were going to have fair weather.

"It looks better now than it has for weeks," he declared. "I believe we are going to have some sunshine and conditions are very favorable for a continuation of it now that it has actually started. The storm passed rapidly southward last night, giving Southern California a good drenching. It did not stop, however, and I believe the entire state will have fine weather tomorrow. San Fernando, in the region south of the Tehachas, received the heaviest rain, the precipitation being 1.10. At Paso Robles there was an inch and at Pomona 1.04. Los Angeles received .58 and Pasadena .50; at San Diego .14 were registered.

REMOVED TO ASYLUM.
Stanley Smith, who lately escaped from Stockton, was apprehended last night by Lieutenant Curtis and Corporal Nederman at 1014 Fifty-third street. When taken to the police station, Smith was recognized by a neighbor who recognized the man, but the police found a very peaceful citizen smoking a cigarette in the kitchen, apparently oblivious of the excitement which he was causing. He was taken to the emergency hospital and removed to the asylum this morning.

PHILIPPINE PAVILION OPENS TOMORROW ORCHIDS ALONE WORTH \$20,000 OTHER EXOTIC TREASURES ARE DISPLAYED

Exposition visitors on board Philippine transport, captured by American soldiers. (Left to right) Miss Estelle Patterson of Chicago, Miss Elizabeth Schneider of St. Louis and Miss Bernice Patterson of San Francisco.

SAN FRANCISCO, Feb. 25.—When the Philippine building at the Panama-Pacific International Exposition opens its door to the public on Philippine Dedication Day tomorrow, there will be unfolded to most persons a revelation and a new idea of the islands.

The Philippine exhibits, not only in the building itself, but also in the Palace of Education and Agriculture, are of wide scope and illustrate the progress of the archipelago under United States rule.

Installation of the exhibits is finished and the last traces of preparation have virtually disappeared. The entire work has been in charge of W. W. Barclay, director-general of the Philippine board, assisted by Lieutenant John C. Walker, U. S. A., who is assigned to him as aide.

The dedication ceremonies will be impressive and will be attended by a large number of invited guests, among them all the foreign and state commissioners, directors, officials and representative citizens.

NOTABLES TO SPEAK.
Dr. Leon Guerrero, president of the Philippine board, will preside. Vice-Governor Henderson Martin will deliver the dedicatory address. Manuel Quezon, congressional delegate from the Philippines, and Dr. Francisco Longson of the Philippine Exposition Commission will also speak.

President C. C. Moore will speak for the exposition, and Mayor James Rolph Jr. for the city. Military guards of the Philippines and the Philippine Band will be in evidence at the ceremonies.

The Philippine exhibit was arranged with the purpose of showing the industries of the islands as well as the manufactures, the work of artisans, the history and natural resources.

Of unsurpassed beauty and rareness is the display of fine orchids with more than 17,918 specimens, valued at approximately \$20,000. The Grisebaphium Speciosum, one of the most precious orchids in existence and valued at \$1000, is represented in the display, as well as the Phalaenopsis Amabilis, Dendrobium formosum and the Dendrobium Totia.

RARE FLOWERS GUARDED.
A special hut has been built for this display in the rear of the patio and two guards are kept on watch day and night.

ATTENDANCE IS ABOVE RECORDS

34,637 Persons Keep Up High Average for Single Days.

SAN FRANCISCO, Feb. 25.—Despite weather and business, the attendance at the Exposition keeps up its standard. Yesterday at noon 17,918 had passed the turnstiles. At 2 o'clock the number had swelled to 27,010, and at 6 o'clock 34,637.

The estimate for the entire day was 40,000. Considering that no special events, such as races, were scheduled, it is deemed by the Exposition officials that the figure means one of the most encouraging Exposition attendances, representing the average that could be desired.

Yesterday's figure brings the grand total of attendance since the opening of the Exposition to 315,348, or more than half a million visitors in five days. This practically doubles the first five days' record at the Chicago fair, while the St. Louis fair showed a total of 282,451 for the same period.

STACHLER PETITION COMPLETED BY CLUB

The regular meeting of the Eugene Stachler Social, Political and Improvement Club was held at Stachler Hall, 3121 Adeline street, Friday evening, February 19.

The improvement committee stated that all requests had been complied with by Commissioner Bacon.

Ventilation deputies for Stachler received simple signatures on the petitions for his nomination for commissioner. No. 2.

Stachler made an address.

CAPLAN MUST RETURN

OLYMPIA, Wash., Feb. 25.—Requisition papers issued by the governor of California for the return of David Caplan, held at Port Orchard on a charge of complicity in the blowing up of the Los Angeles Times building, were signed by Governor Lester yesterday. Tracy C. Becker, assistant district attorney of Los Angeles, brought the papers to Olympia and afterward departed for Port Orchard to get Caplan and take him to California.

WATCH COINS CLOSELY.
SAN FRANCISCO, Feb. 25.—In all the money taken in during the first five days of the Exposition, a period during which more than half a million people passed through the gates, only one bogus coin got through the cashiers. That was a plugged fifty-cent piece which would have taken an expert to detect.

Illustrating the pearl industry of the islands. More than \$25,000 worth of pearls are on exhibit, as well as a fine selection of shells.

The woods used in the building are entirely of Philippine manufacture and are unusually beautiful in their quality and grain. Red and white Nara, Malaya, Lanan, Tangail and Palma Brava are the principal woods used. The coverings of ceilings and walls are of "swale," an interwoven split bamboo which has a particularly pleasing effect and which is becoming popular for the homes in the warmer parts of the United States.

In the lobby of the building are four large "Peacock" chairs made of belemnite, and a magnificent set of furniture made of various hard woods.

VARIED INDUSTRIES.
The hemp and rope industry of Manila is illustrated by the ropes guarding the displays, and a Moro brass exhibit containing a large number of specimens of Inland brass work, shows the ability of the Moros in that line. A large glass case is devoted to the many varieties of Philippine hats, daggers and brushes, and another one holds fine shoes and boots manufactured in Manila. Carved bamboo and hardwood articles, baskets more beautiful than those of Indian manufacture, multi-colored matting, just and pine cloths, embroideries and hand-made bedroom slippers and lamps made of mother-of-shells are other interesting exhibits.

A collection of Moro weapons, saddles and musical instruments, and a working exhibit of Philippine weaving methods supplement the showing, with eight Philippine girls at the loom.

An original feature of the building is the fact that no glass has been used in the windows or doors, but that instead the semi-transparent Placenta Placenta shells have been utilized.

A fine display of old and modern books, some of them exquisite specimens of the binder's art, and a collection of colored transparencies made from photographs and representing of the native life, are also shown.

In the Palace of Education the Bureau of Health and Education make their exhibits, and in the Palace of Agriculture and Forestry have installed fine displays.

In the patio of the building the famous Philippine Constabulary Band under the direction of Captain Lovings will give concerts twice a day.

CHIEF ASKS MORE POLICE

SAN FRANCISCO, Feb. 25.—Chief of Police White appeared before the Grand Jury last night and urged that his force be increased by 200 men, in order properly to protect the citizens and the visitors in the fair. Captain of Detectives Patrick Shea also addressed the grand jurors and said that he needed at least fifteen more detective sergeants. White and Shea were questioned by the grand jury as to the work being done by the police department.

CANADA OPENS GREAT PAVILION

Designers of Exposition Also Have Honor Place in Day.

SAN FRANCISCO, Feb. 25.—With the great Japanese exhibits now open, after yesterday's elaborate ceremonies, which opened a new era of friendship between California and Japan, today saw activity of state and county delegations, which will be followed by more tomorrow at the Exposition. San Mateo's county dedication ceremonies were held at 10 o'clock this morning, when a number of prominent officials arrived to take charge of the exercises, and early afternoon saw the preparations for the Ohio dedication, which was set for 3 o'clock.

Elaborate exercises this morning marked the San Mateo dedication. The delegates, who met at the Scott street entrance of the Exposition by a military escort and band, and marched in parade to the California building, where President C. C. Moore made the address of welcome. Henry Rowe, chairman of the San Mateo County Exposition Commission, answered, and the bronze plaque of the Exposition was formally presented to the county. At 11 o'clock the school children distributed violets to the fair visitors, and at 1 o'clock the informal reception of the San Mateo delegates was held in the county booth. A daisant in the California building was another afternoon feature.

Government demonstrations this morning included the exhibition of submarine work, the children's health conference and motion pictures of the building of the Panama canal and the operation of submarine mines.

DAY FOR DESIGNERS.
Designers' Day ceremonies were held at 11 o'clock in the Court of the Universe. President Moore presented to each designer and architect a bronze plaque bearing the story of his work.

In the meantime a military escort was forming at the Fillmore street entrance to the California building, where the District Attorneys who, arriving from Oakland, were conducted to Festival Hall to participate in the ceremonies there. At noon the Festival Hall concert was held, Clarence Eddy at the piano.

At 2 o'clock in the afternoon the Canadian pavilion, which is the best of the detachment of United States Marines as a guard of honor and full military band playing "God Save the King," the Canadian delegates and officials gathered. President Moore, United States Commissioner Lamar, Mayor James Rolph and other officials, including the Minister of Agriculture in Canada, a special delegate named by the Canadian Government, made addresses. Canadian airs were played by the band.

Rufus Putnam, of Oakland, descendant of the famous soldier of Revolutionary war, who was the first to plant the colors in Ohio, raised the flag at the Ohio ceremonial. The Ohio building represents an expenditure of some \$70,000.

The Ohio building exercises took place on the south front of the building. Frank E. Meyer, chairman of the Ohio Commission, presided. Clarence E. Baer, president of the Ohio Society of San Francisco, as president of the day. Hon. Ralph D. Cole, official representative of Governor F. B. Willis, delivered the principal address of the day. President C. C. Moore made the address of welcome, followed by Hon. William Lamar, United States National Commissioner, and Governor Hiram Johnson. Mayor Rolph also spoke.

AMONG DESIGNERS.
The architects, directors, foreign and state commissioners and invited guests met in the Court of the Universe, and a military guard of honor was furnished for them.

After a brief address by President Moore, thanking the architects for their efforts, George W. Kelham, chief of the Department of Architecture, responded in behalf of those who have designed the gigantic enterprise.

The following were present at the celebration: George W. Kelham, chief of the Department and supervising architect; W. B. Faville, of Bliss and Faville; L. C. Mulgardt, designer of the Court of Abundance and several of the Exposition buildings; Arthur Brown Jr., of Bakewell and Brown, who designed the Palace of Horticulture and the city hall of San Francisco; C. R. Ward, of Ward & Blohm.

Dr. R. R. Moberg, to whom is due the Palace of Fine Arts, which has been declared by many the most beautiful building of the Exposition.

A. Stirling Calder, Acting Chief of Sculpture and designer of the Fountain of the Court of the Universe.

Karl Bitter of New York, Chief of Sculpture, and the man who is responsible for the original conception of the sculpture of the Court of the Universe.

Thomas Hastings, of Carrers & Hastings, originators of the Tower of Jewels; R. D. Farquhar, designer of Festival Hall.

John McLaren, landscape engineer.

The four seasons, and Jule Guerlin, who is the father of the wonderful color scheme of the Exposition, was represented by William R. Mead.

ENVOY DUPLICATES HIS SIRE'S CAREER

SAN FRANCISCO, Feb. 25.—Truly a chip on the old block is Commissioner Gerhard Gade, who represents Norway at the Panama-Pacific International Exposition. He is the son of a Norwegian father, who was a well-known figure in the history of Norway. Gade is the son of the two men.

When in 1876 Norway decided to send a representative to the first great American exposition at Philadelphia it was Gerhard Gade to whom the honor fell. Now the son is in America as his country's representative at the latest great exposition. This parallel, remarkable as it is, is but one of the many that mark the career of the father and son.

Gerhard Gade was married to an American girl, the mother of Commissioner H. F. Gade, being a daughter of Cambridge, Mass. parents.

Years later the son of Mr. and Mrs. Gerhard Gade married an American daughter. Both father and son were well versed in the laws of both Norway and the United States and each have served both countries in foreign service. Gerhard Gade, the father, was 25 years the United States consul at Christiania, Norway. This record of service has been exceeded in length by but one man, Commissioner Gade was for a number of years in the consular service in Chicago.

ANTI-TIPPING RULE IS ADOPTED BY FAIR GUIDES

SAN FRANCISCO, Feb. 25.—One of the many unique features of the exposition is the rule adopted by the official guides that tips will not be accepted. The uniformed guides, who are interesting features of the exposition to visitors is composed of young men, many of them college graduates. Their charge is only a fraction of a dollar and they decline with thanks any gratuity over this fixed amount.

Today one of the boys refused a tip of a dollar after he had explained the features of the exposition to a large party for the entire morning.

FEEL BLUE—OR JUST STUPID?
Shed the blues and torpid liver usually go together and it does not take long for constipation to produce a bad condition—a feeling of languor or laziness—the "blues," headaches, palpitation or other malady. Indeed, when in this condition the system invites more serious illness and is not able to throw off disease. Foley Cathartic Tablets are a wholesome laxative and cleanser cathartic. They act without inconvenience, griping or sickening. Sold everywhere—Advt.
